

CAUVERY COLLEGE FOR WOMEN

(Nationally Accredited (III Cycle) with 'A' Grade by NAAC)

Annamalai Nagar, Tiruchirappalli – 620 018.

ANNUAL REPORT 2018 – 2019

Esteemed Chief Guest Dr. R. Srinivasan, Member Secretary, Tamilnadu State Council for Science and Technology, Chennai, Members of the Reddy Educational Trust, College Governing Council, Hostel Committee, School Committee, Beloved Students, Members of the Press and Special Invitees, I am delighted to present the College Day Report for the Academic Year 2018 – 19.

The need for autonomy in higher education is the demand for Academic Expansion, Excellence and Innovation. Excellence in education is achieved only if autonomy is exercised responsibly and with proper accountability. Autonomy is seen as Self-Governance and is equated with Dynamism to achieve holistic growth for the institution. Autonomy exercises liberty to think and decide freely suiting to the growing demands of the society and the individual.

The present learning needs of the students are challenging and requires use of updated technology because students differ in terms of their Academic Strength, Motivation Levels and Career Aspirations. To rise up the challenges and expectations of all the Stakeholders the process for Autonomy was undertaken and we have succeeded in achieving the autonomy status and UGC has conferred Cauvery College for Women as Autonomous.

With the able support of Management, dedicated band of Teaching and Non-Teaching, Parents and Students we march towards the next phase of elevation of our institution as an Autonomous Institution. Rs.23,37,326.00 (Rupees Twenty Three Lakhs

Thirty Seven Thousand Three Hundred and Twenty Six only) has been spent towards the establishments of the Controller of Examinations Section for Autonomy.

We have been identified by the UGC and the NAAC as a Mentor Institution to motivate the Non-Accredited Institutions to apply for Accreditation. We have identified eleven such institutions and conducted a workshop on “NAAC Accreditation Process” for the other institutions.

This year our College reopened on 18.06.2018 with 5200 Students, 223 Teaching and 207 Non-Teaching Staff members. Out of 223 teaching members, 79 are doctoral degree, 87 have cleared SET/NET and 81 are pursuing their Ph.D. We have introduced a Research Program in Management and 5 Courses have received permanent affiliation in this academic year. We have also applied for permanent affiliation of 6 courses.

42 research supervisors are guiding 21 M.Phil., and 45 Ph.D., scholars. We offer Skill Development and Add-On Courses to support students activities.

We have great responsibility in developing the leadership traits and all around personality of our students. To fulfill this we offer the following additional Skill Development courses.

1. Counselling Course for Women in Distress and Human Resource Management offered by the Department of Social Work
2. Basic Concepts of Income Tax, Career Oriented Programme – Skill Development on Self-Employment (EDC) offered by the Department of Commerce.
3. Tally and JAVA offered by the Department of Computer Science
4. DMLT and Mushroom Cultivation offered by the Department of Microbiology
5. Household Electricity, Troubleshooting of Home Appliances, Electrical Wiring and Digital Photography offered by the Department of Physics
6. Child Development offered by the Department of Food Service Management and Dietetics.
7. Skill Development courses like Zardosi, Silk Thread Jewellery and Tailoring courses are conducted

Apart from the above courses, our faculty members and students have undergone Online courses through NPTEL, SWAYAM and IGNOU. 118 faculty members have taken part in 12 Online courses through SWAYAM platform and 3 faculty members have

completed online certificate courses under NPTEL – AICTE Faculty Development Programme funded by MHRD.

292 students were beneficiaries of 26 Online courses through NPTEL and 89 students have registered for 20 different online courses through SWAYAM and one student has registered in IGNOU.

As an outcome of the MOOCs Seminar organized by IQAC, 35 of our staff members had developed e-content in their respective disciplines which is available in our college website.

With a growing concern towards the community, we have organized the following extension activities. The Departments of Computer Science and Information Technology have assisted the Higher Secondary Students of Government, Government Aided and Private Schools in and around Tiruchirapalli towards Online Registration for NEET Examination from 10th November to 30th November 2018.

I appreciate the dedicated band of teaching faculty for their continuous effort to enhance their professional competencies.

I am happy to present the academic achievements of our teaching faculty.
