Name: Livin Justine. A
Email: livinjava@gmail.com
Phone: 6382070540

OBJECTIVE:

➢ To achieve excellence and being thoughts to the environment where I mean to work by a team of energy

➢ Looking for a responsible and challenging position in the area of software development with opportunities to enrich my knowledge, experience and skills.

➢ Self motivated, hard working and goal oriented with a high degree of flexibility, creativity, commitment & optimism, determined to carve a successful career in the domain of software development.

EDUCATIONAL QUALIFICATION:

Education Summary	Institute Name	Duration	Board/University	Percentage
MSC	Don Bosco College Yelagiri Hills.	2019-2021	Thiruvalluvar University	**74%**
BCA	Shanmuga industries arts and science college T.V Malai.	2016-2019	Thiruvalluvar University	**72%**
HSC	kcsm higher Secondary School, Moonglithuraipattu.	2015-2016	State Board	**60%**
SSLC	VPS matriculation higher secondary school, villupuram.	2013-2014	State Board	**72%**

TECHNICAL SKILLS:

➢ **Languages**   : Php, DotNet.

➢ **Database**   : MYSQL.

➢ **Markup Language**   : HTML,PHP, CSS.

➢ **Scripting Languages**   : Java Script.

➢ **Platforms**   : Linux, Windows 7 and Extended Versions.

➢ **Designing Tool**   : Photoshop CS6,Wonder Share,

➢ **Documentation Tool**   : MS –Office 2007, 2010, 2013.

PROJECT DETAILS:

PROJECT #1

Title   : Smart City Traveller.
Technologies   : Php.
Database   : Mysql,
Server   : Wampserver 2.0.

DESCRIPITION:

At present, in general tourists and travellers waste a lot of time planning and deciding
their trips to achieve maximum satisfaction. In this context, this application aims to identify
the main computing needs to support the improvement of tourist point of promotion for the
traveller,by the means of an easy to use mobile application proposal. Normally, most
travellers like to visit the famous sightseeing spots as well as local charms unique to that
place. To achieve this,we propose a system that can automatically show a travel route and plan
for the user. This application also leads to quicker decision making with respect to placesto
visit.

RESPONSIBILITIES:

1.Develope the user interface screens (GUI) using php.

2.Coding and preparation of server and client side
validation.

3.Interconnectivity of database through connection pool.

4.Execute.

PROJECT #2

Title   : Vehicle Parking Management System.
Technologies   : ASP.NET.
Database   : SQL Server,

DESCRIPITION:

As smart cities are developing in India, concepts like this becomes of paramount importance.
This system is capable of decongesting regular parking problems in parking lots available
throughout the city, since it is based on a single platform the overall user experience will be
enhanced to a greater extent. Given work attempts to explain one such model which
 will reduce the inconvenience for the users and their vehicles.

RESPONSIBILITIES:

1. Develope the user interface screens (GUI) .

2. Coding and preparation of server and client side validation

3. .Interconnectivity of database through connection pool.

4. Execute

PERSONAL SKILLS:

✓   Good in Communication Skill
✓   Ability to Learn/Hardworking
✓   Good Leadership skill
✓   Good written skill
✓   Punctuality
✓   Good interested in acting
✓   Problem Solving skill
✓   Easily mingle with other

PERSONAL DETAILS:

Name	: Livin Justine.A
Father's Name	: Anthony joseph.A
Mother's Name	: jayaseely.A
Gender	: male
Marital Status	: Unmarried
Nationality	: Indian
Date of Birth	: 23-04-1999
Languages Known	: English, Tamil.
Address	: S/o A. Anthony Joseph
	250, Carmel nagar, elayankanni,
	Elayankanni(village),
	Elayankanni(post),
	Thandrampattu(TK),
	Tiruvannamalai(DT),
	Pincode: 606 753.

DECLARATION:

I hereby declare that the above information's are given trustly to the best of my knowledge

Date: Yours Sincerely
Place: A. Livin justine
