Preface

Preface

Cauvery College for Women, the First Self Financing College in Tamil Nadu was started in the year 1984 by Reddy Educational Trust. This temple of learning always provides a chance for women to grow in all spheres of life.

The role model management extends their full support for the growth of the college. We march ahead under the divine guidance, with the vision and social concern of the members of the trust, dedicated band of teaching and non – teaching, humanitarian support of the stake holders and the well wishers of this college.

The vision and mission of our college fulfills the core values of NAAC and contributes a lot towards enhancing the quality of teaching- learning, promotion of research, developing infrastructure and student support services. Various departmental clubs and other associations enhance the quality of extension activities that resulted in receiving maximum awards and prizes at national, state and inter collegiate levels. We have unique collaborative activities with two foreign Universities - **UMEA UNIVERSITY, SWEDEN** and **PLYMOUTH UNIVERSITY, UK** for staff and student exchange and NGOs to accomplish social responsibility by way of community outreach programmes. Good governance and leadership provided by our visionary management have gone a long way in strengthening the administration. We have excellent academic, cultural and sports achievements which is unique in nature.

We had our NAAC Peer Team visit for the 2nd cycle of re–accreditation on 28/03/2010 and we were awarded with ‘A’ grade with CGPA 3.37 out of 4 on a 4.0 point scale. Enough efforts have been taken by all the stakeholders to implement almost all the recommendations of the Peer Team of the 2nd cycle.

We are happy and privileged to submit the self study report of our college for the third cycle of re–accreditation. Quality ambience creates Quality Students. Keeping this as our main motto we seek right direction from NAAC to go further and enhance quality in higher education.

Executive Summary

Executive Summary

Cauvery College for Women, one of the premier self-financing colleges in the State of Tamil Nadu, started in the year 1984, is run by the Reddy Educational Trust. The college is recognized under 2f and 12 B under UGC Act, 1956. The college has completed thirty two years of academic service in women's education by moulding the students to take up crucial roles in the society. The college marches ahead under the divine guidance, with the vision and special concern of the members of the trust dedicated bond of teaching and non-teaching and the humanitarian support it gets from the stake holders.

The Trust comprises 48 members who have a philanthropic outlook with noble and progressive ideals. This prestigious college aims for excellence in education wherein we have opened the portals to many first generation learners and students from rural areas to varied branches of study. The primary aim of the college is to nurture professional competency, self confidence, managerial abilities and entrepreneurial development among students.

CRITERION I – CURRICULAR ASPECTS

The college offers 15 Under Graduate Programmes, 11 Post Graduate Programmes and 5 Research Programmes (M.Phil. in Commerce, Social Work and Computer Science and Ph.D. in Commerce, Tamil, Social Work, Mathematics and Computer Science).

The college is affiliated to Bharathidasan University, Tiruchirappalli and adopts the curriculum of the University which caters to the regional, national and global trends. Curriculum, eligibility for admission and examinations are carried out strictly as per the rules and regulations laid down by the University. The curriculum is designed in a manner that the students have a wide choice to opt for other career oriented subjects as elective papers. The curriculum also integrates the cross cutting edges such as Gender, Climate change, Environment, ICT and Value Education.

Executive Summary

The curriculum permits the students to have an academic flexibility both horizontally and vertically. There is also a provision for dual degree, lateral entry and credit transfer facility. The enrolment graph of the college has been significantly showing upper trend due to variety and flexibility of available courses.

Consistent efforts are made by the college for effective curriculum delivery and transaction. Teaching plans are prepared and charted out in work diaries. Every programme offered in the college has adopted ICT enabled teaching equipped with LCD projectors and internet facilities. E-Learning through ICT is also made available. Discussion sessions and workshops are organized periodically to complement curriculum. The college allocates adequate funds for the purchase of books, materials, equipments and apparatus, based on the budgets framed as per the requirements of the departments.

Senior faculty members numbering 19 are members of Board of Studies of the university and autonomous colleges in and around Tiruchirappalli and therefore play a major role in the modification of the courses and restructuring of the syllabus once in three years as per the requirement of the academic needs of the students and the feedback received from the stakeholders.

Semester pattern with choice based credit system enabling lateral mobility (by way of permitting students to earn extra credits) and vertical mobility (through the choice of non-major and skill based electives) is in practice. The institution develops curriculum for the 16 certificate courses run by various departments.

The college has placed its footsteps in the Global market through **Linneaus – Palme Grants for International Teachers** – Student Exchange Programme with the Umea University, Sweden. Dr. G. Kanaga, Dr. Mettilda Bhuvanewari and Ms. Ramya, Asst. Professors in the Department of Social Work have visited Umea University, Sweden in 2011 and 2012. Ms. Kerstin Hamreby and Ms. Ulla Britt Bergstrom, Lecturers, Ms. Siv Inger Bucht, International Co-ordinator and Dr. Lars Norlander, Head, Dept. of Social Work, Umea University, Sweden have visited Cauvery College for Women in 2012. Ms. M. Saranya and Ms. Reddy Lakshmi Nandakumar were the PG students of the Department of Social Work who took part in

the exchange programme and visited Umea University from January to June 2012. Under Choice Based Credit System, these students were able to do few courses in the foreign university for a semester and have their credits transferred.

The college has also signed an MoU with **Plymouth University, United Kingdom (Financed by British Council) for UKIERI** – Staff Exchange programme in which Dr. G. Kanaga, Dr. G. Mettilda Bhuvanewari, Asst. Professors, Department of Social Work, Cauvery College for Women visited Plymouth University, United Kingdom in November 2012. Ms. Penelope Welbourne, Head PG Programme and Ms. Clare Colton, Lecturer and Placement - incharge, Department of Social Work, Plymouth University, United Kingdom visited Cauvery College for Women in February 2013.

Apart from the courses offered through affiliating University, the college also conducts certificate, skill based and UGC sponsored Career Oriented Courses for the benefit of the students. 2 UGC Add-on courses under Arts / Social / Science / Mass Communication Course under Arts was approved with the grant of Rs. 7,00,000/-. Software Development using networks under science with the grant of Rs. 10,00,000/-

Every activity in the college is planned and an academic calendar is framed prior to the commencement of the classes by a committee headed by the Principal. Annual blue print of the college is prepared by the IQAC.

CRITERION II – TEACHING, LEARNING AND EVALUATION

Teaching, Learning and Evaluation the important stages in education system are given due priority by the college. The college is committed to make the students think, analyze and be independent, original and creative. The students are admitted based on the state government reservation policies and preference is given for the first generation learners.

The admission process, complying with the government norms pertaining to self-financing institutions, is transparent. The college office is also in possession of authentic and transparent records for admission to various courses in different categories. The college is publicized through prospectus, college website, alumnae, staff and parents. The prospectus provides all the necessary information to the students.

Students from diverse backgrounds and abilities are admitted to various courses. The students are selected on the basis of merit for UG courses. For admission to PG and research programmes balanced combination of merit, entrance test and interview is conducted as per the norms of the university. The college takes entire responsibility of all students, right from admission process to the completion of their education. The students from economically weaker section are given suitable fee concessions by the CAPSA (Cauvery Preceding Students Association- a registered alumni association) apart from the government and management scholarship. Infrastructural facilities like ramps, lift and wheel chairs are provided to the differently abled students.

Teaching is an important process and it is imperative for a teacher to be highly proficient in her subject who has joined the noble profession with utmost sincerity and seriousness. Teachers are appointed giving higher priority to merit and excellence. They update themselves by attending orientation and refresher courses from time to time though it is not mandatory for a self-financing institution. Teachers are also constantly encouraged to pursue research work and to upgrade their knowledge by participating in seminars, conferences and workshops.

Executive Summary

Staff members numbering 14 have cleared NET and 7 have cleared the SET examinations. 44 of our staff members are Ph.D holders and 140 of our staff members are M.Phil holders and many of our staff members are pursuing their Doctoral Degree. 5 of our staff members have undergone refresher courses, 130 attended orientation programme and 27 underwent staff training programmes conducted by the University. 13 of our staff members have undergone staff training programmes offered by other institutions and 61 of our staff members have participated in summer/winter trainings and workshops. 201 of our faculty members have actively participated in international level conferences and symposia in which 175 research papers were presented. 212 of our faculty members have participated in national level conferences / workshop /symposia in which 321 research papers were presented.

Learning is an important factor in education system and students are at its focal point. Keeping this in view, all efforts are made by the college to achieve the required learning outcome. Traditional methods like classroom teaching, use of library, conducting examination, seminars and conferences are employed. In addition to this, students are familiarized with and guided to use the ever increasing modern means like internet and IT enabled audio-visual means for widening horizons of knowledge. It is also ensured that the entire syllabus of each subject is properly completed in classroom itself. Fully furnished and equipped laboratories are utilized for practical sessions. All departments of the college are provided with internet facility and few of the departments are provided with Wi- fi connectivity and the remaining departments through LAN. Technically equipped Language Lab is available for the students to enhance their communication skills. Students are periodically allowed to have a triangular access to Language Lab, Internet Lab and Library.

The college provides special coaching class for advanced learners to take up competitive examinations. Advanced learners are motivated to take up concurrent courses like Career Oriented Programme (COP) and certificate courses. Apart from that, advanced learners are motivated to secure University ranks. The college holds the credit for producing a total of 589 University Ranks since 2010 to 2016.

Executive Summary

33 University first ranks with gold medals in UG programmes and 22 University first ranks with gold medals in PG programmes.

The efforts of the students and staff members are evident from the pass percentages of UG programmes having secured above 90% and the PG programmes with a 100% pass percentage.

Evaluation is the most essential measure in teaching learning system. University prescribed CGPA Pattern (25 + 75) is followed.

Evaluation of students' performance is very important in education system and they are made well aware of its methods. Mid semester mark statements of the students are sent to the parents with previous semester university mark statement and their progress is detailed to them in the Parent - Teacher meet. For internal evaluation, assignment, tests, seminars/quiz are taken into account.

A thorough review is taken in the college after the university results are published and measures are taken to redress the grievance if any. The institution takes special interest to identify slow learners and advanced learners by assessing the marks scored by the students in periodic class test, 2 unit tests, mid semester and model examinations in the first half of the academic year. The slow learners are encouraged by making them to enroll into remedial coaching classes. The advanced learners are motivated to take up concurrent courses like COP funded by UGC, encouraged to take up competitive examinations and participate in State and National Level Competitions.

Value Education classes and Tutor Ward system sensitize students on need based topics like empowerment of the girl child, saving mother earth, combating social evils and inculcating equality and brotherhood, significance of Parents, Friendship, Basic Problems of Youth, Mental and Physical Health, Addictions to social network and the like are discussed.

To enhance the needs of our students in terms of knowledge and skills, before the commencement of the programme, an **Induction Programme** is conducted on Fresher's Day for the newly admitted students prior to the commencement of the

classes where the students, parents, principal and management representatives participate and orient the students about the college, departments, their courses and rules and regulations to be followed in the college as well as hostel.

The department of English conducts a **Bridge Course** – ‘A Foundation English Course’ for all the first year UG students who are enrolled in various streams.

The students learning process is supported by the library which has a large collection of books, journals, magazines, CDs and DVDs, Online resources form DELNET, INFLIBNET and ACM which are made available for learning.

Individual departments review the progress in teaching and learning through departmental meetings, lesson plans, syllabus completion reports and student feedbacks to monitor and evaluate the quality of teaching and learning.

Few of our students were selected to participate in the South Zone Interuniversity competitions, 10 students in 2011, 14 students in 2014, 14 students in 2013 and 16 students in 2014, 3 students in 2015 and 2 students in 2016.

The students are prepared to face the competitive examinations and interviews through the Career Guidance and Placement Cell. This is evident from the placement records of the college over the years. 1193 students are selected in on-campus interviews conducted by TCS, RR CAMBRIDGE, AKT EDUCATIONAL INSTITUTIONS, NTRUST INFOTECH, TCS COGNIZANT, CTS, TATA BPO, WIPRO WASE, WIPRO VISTA, WIPRO INFOTECH, HCL TECHNOLOGIES, CAPGemini between 2010 and 2016.

Various Committees and Co-curricular forums offer support services for the over-all development of the students. The student representatives are nominated in many committees to contribute their constructive suggestions both in the academic and administrative activities which are useful for the holistic development of the college. A wide range of sports and games, cultural and extra-curricular activities are made available to the students at different levels. The management also encourages sports activities by providing a sum of Rs. 9,40,775/- and an amount of Rs. 13,90,887/- for the cultural activities in the last five years.

The college IQAC had framed well structured feedback forms for obtaining feedback from students, alumni and parents. The feedback is collected from the students every year in a formal and methodical manner and the scorings are analysed statistically.

The students are issued feedback forms at the end of each academic year to give their opinion on the institutional performance. Suggestion and complaint boxes are kept in main places of the campus to get students' feedback. The college has an

informal mechanism to obtain feedback from the graduates and employers for improving the student support services.

Two MoUs had been signed - one with Global Talent Track Pvt. Ltd., Pune under 'Barclays Youth Employability Initiative' and another one with Global Talent Track and CAPGemini through which about 850 students were trained for their career.

CRITERION VI - GOVERNANCE, LEADERSHIP AND MANAGEMENT

The Vision and Mission statement of the college is in tune with the objectives of higher education. The Role Model Management's commitment and involvement ensures effective and efficient teaching – learning process. The management coordinates all its activities through a well defined organizational structure and gathers adequate information through feedback systems and implements in its decision making and performance improvement for the benefit of the college. The administrative bodies of the management and the academic council ensure complete decentralization of administration. The management aims at providing various welfare measures. The college does not get any financial support from the Government. Adequate budget is allocated by the management for effective functioning of the college. The accounts are audited regularly. This highly cooperative management plays a significant role in the Governance of the college.

The IQAC enhances quality within the existing system. The IQAC ensures effective internal coordination and monitoring mechanism. Many best practices have been internalized through General Administrative Measures, Academic Structure, Recognition of staff, Grievance Redressal Mechanism and other noteworthy practices. Programmes to develop Communicative Skills, Career Oriented Programmes and Counseling Sessions enhance the performance of the students. Differently abled students are given equal access. The college adopts certain intervention strategies to promote holistic development of students in being good citizens. The college-stakeholder relationship is praiseworthy. The core values of NAAC are reflected in the various functions of the college.

Executive Summary

CRITERION VII - INNOVATIONS AND BEST PRACTICES

The college follows many healthy and best practices to the satisfaction of the stakeholders. The teacher – friendly management, student – friendly faculty members and eco – friendly environment make our college a most sought after institution. Our academic agenda assures the efficient use of energy, use of more renewable energy and decreasing dependency on conventional sources of energy that remains the motivations behind all our actions and activities. Our strategic plans for development have always been driven by our love of nature and sustainability of important resources like energy and water as well as by adopting practices such as waste reduction and energy conservation. It is committed to promote an ambience of creativity and is concerned with quality achieved through innovation. The greenery of the campus helps in maintaining the temperature of the area. Thrust is given to create a plastic free zone in the campus. The student volunteers of NSS, Student ExNoRa, THANEER, Leo and Rotaract Clubs have been ecologically sensitized to the needs of protecting the environment within the campus as well as in the society. Rain water harvesting points are setup in both the college and hostel premises. The college is dedicated to spread awareness towards energy conservation and environment responsibility. Around 250 tulsi saplings have been planted in and around the college campus to ensure carbon neutrality. Hazardous and e – waste are properly treated and disposed.

Many new Skill based courses and innovative programmes are introduced to suit the latest trends of the society. EDC has conducted various programmes for the students to improve their entrepreneurial skill. Various skill based certificate courses and communication classes equip the students to take up the career. Staff members are given opportunities to participate in general programs apart from curriculum like YOGA, ULCHEMY through Faculty Development Program. Implementation of DELNET Developing Library Network to facilitate E-learning has been established with the prime objective of promoting resource sharing among the libraries. International student and staff exchange is committed to the globalization of higher education. The program helps to gain experience by living, studying and working in another culture thereby develop intercultural competence and personal maturity through immersion in another culture. The remarkable services rendered by the

volunteers of NCC, NSS and other service organization and clubs, is a notable best practice. The students are encouraged, motivated and appreciated for their active participation in the cocurricular activities and are recognized in the assembly for their extracurricular activities. Every year at the time of installation of the college union and other associations, all the members of the club mandatorily take up the oath, that they will promote and serve the society and work for the world peace. The resource mobilized from various sources is effectively used for enhancing the quality of teaching – learning process, strengthening the infrastructure, the learning resources and enriching the welfare activities for the faculty members and students. The college will continue to spread its wings of knowledge to serve for the betterment and enlightenment of the economically and socially disadvantage sections of the society, in tune with the vision and mission of the college.

CESGA – Cauvery Eternal Spiritual General Assembly is conducted on every Monday morning in the college auditorium where all the students and teachers convene together. All departments are given a chance every week. The assembly is conducted with the prayer song followed by readings from holy books (Bhagavath Gita, Quaran and Bible). One Thirukural is recited with its meaning. Current news and thought for the day is followed by a specific theme taken by the departments. The theme is relevant to social, cultural and environmental facets. The success of the assembly lies when all the department come up with novel and innovative ideas every week.

Innovative pedagogical approaches implemented by various departments during assembly builds students confidence, creates awareness and adequate impact in developing the personalities of the youngsters.

Curricular Aspects

1.1 CURRICULUM PLANNING AND IMPLEMENTATION

1.1.1 State the vision, mission and objectives of the institution, and describe how these are communicated to the students, teachers, staff and other stakeholders.

THE VISION

Our vision is to promote **Academic Excellence**, inculcate qualities of Competence, Confidence and Excellence for **Employability** and developing **Self Reliant** individuals endowed with skilled man power.

THE MISSION

- To impart higher education to women students from local and rural areas.
- To inculcate knowledge of a high order and to instill in the students a scientific approach to information technology.
- To make our wards aware of entrepreneurial development.
- To impart skills to the level of excellence and thus present a value system in the youth entrusted to us.

THE OBJECTIVES

- To empower students to participate in social, cultural and economic spheres and contribute positively to the uplift of the society.
- To promote academic excellence by adopting customized learner focused methodologies.
- To develop self reliant and competent women by tapping and nurturing their potential through curricular and extracurricular activities.
- To provide skilled man power by imparting in depth knowledge and keeping abreast with changing trends in technology.
- To inculcate the spirit of nationalism, uprightness and self confidence enabling themselves to become responsible members of the society and useful citizens of the nation.

The Academic staff council comprising the Principal, Head of the departments, Librarian, Placement Officer and the Physical Directress frequently meet to plan programmes and discuss key issues in tune with the vision and mission of the

Criterion - I

institution. Resolution made by the council is communicated properly to the entire student community, teaching and non-teaching staff of the college through circulars, displaying notices on the notice board, Monday morning assembly, public addressing system and making announcements in class rooms. Stakeholders are also communicated through college prospectus, during admission process, college magazine, alumni reunions, parent teachers meeting and college website.

1.1.2 How does the institution develop and deploy action plans for effective implementation of curriculum? Give details of the process and substantiate through specific example(s).

Our institution meticulously develops action plans for effective implementation of the curriculum. The college has an academic calendar in conformity with the University calendar to implement the curriculum. The college directs all the departments and faculty to prepare a lesson plan for each subject in the form of work diary and follows it accordingly.

Teachers are encouraged to initiate the course curriculum through innovative teaching methods such as presentations, assignments, discussions, workshops, seminars and computer education apart from traditional /regular teaching methods.

Each and every department formulates its own action/course plan and departmental routines. Monthly review meetings of the department take stock of the progress towards effective implementation.

1.1.3 What type of support (procedural and practical) do the teachers receive (from the University and/or institution) for effectively translating the curriculum and improving teaching practices?

From time to time, the University conducts Faculty Development Programmes, Refresher and Orientation Programmes on the new curriculum designed. Faculty members regularly attend these courses conducted in various disciplines to keep themselves abreast of current trends and update their knowledge in the latest technologies in their respective domain. Faculty development programmes are also organized frequently by the college in emerging areas of study in the respective disciplines and also new courses introduced in the revised curriculum.

The institutional head encourages the teachers to participate in seminars, symposia, workshops, orientation /refresher courses to update the knowledge and to improve the teaching methods. The institution makes available ample number of books, other teaching as well as reference materials like journals, magazines, teaching models and softwares to teachers to ensure effective delivery of the curriculum.

1.1.4 Specify the initiatives taken up or contribution made by the institution for effective curriculum delivery and transaction on the Curriculum provided by the affiliating University or other Statutory agency.

Curriculum design and its revision come under the purview of Bharathidasan University. For effective curriculum delivery, weightage is given to academic improvement and overall development of the students by encouraging them to work with various forums of the college such as student's council, NSS, NCC, Rotaract and LEO.

Several initiatives are taken by the college and teaching faculty for effective delivery of the curriculum. Apart from the traditional talk and chalk method, the faculty is also being trained to make them familiar with the use of computers so that the modern technological resources like internets, projectors and OHP's. to supplement their class room lectures. Teachers are encouraged to enlighten the students through innovative teaching methods such as presentations, assignments, discussions, workshops, seminars and computer education.

In addition to the regular subject classes, special lectures are organized by inviting experts from various fields to share their knowledge with the students. The college also organizes special personality development programmes for the students.

Further, there are provisions for special/remedial classes for those students who are slow learners. Special classes are also conducted for those who could have the benefit of the classes due to NCC camp or participation in sports or extracurricular activities.

1.1.5 How does the institution network and interact with beneficiaries such as industry, research bodies and the university in effective operationalisation of the curriculum?

The college has a career guidance and placement cell which maintains professional relationship with the representatives of the companies. The representatives are invited to the college to interact with the students regarding the expectation of the industry and the skillset and communication skills required by the students.

Research supervisors and research scholars from various fields are invited to college campus to motivate the students and inculcate the research temper in them in order to take up research projects in their further studies. Staff members are motivated to take up research projects initiated by the UGC, CSIR, DST and other funding agencies.

Criterion - I

The college regularly networks and interacts with beneficiaries such as companies, research bodies and the university in effective operationalisation of the curriculum through lectures, workshops, seminars, talks, discussions and receives feedback from them. Need based curricula are developed in consultation with stakeholders and delivered in the form of certificate courses.

1.1.6 What are the contributions of the institution and/or its staff members to the development of the curriculum by the University?(number of staff members/departments represented on the Board of Studies, student feedback, teacher feedback, stakeholder feedback provided, specific suggestions etc.

The following are members of the Board of Studies of the Bharathidasan University and its affiliating colleges.

Feedback about the curriculum is collected from the staff, students and other stakeholders. Feedback is regularly collected from stakeholders whenever they visit the college. Student feedback is collected once a year. Alumni feedback is collected during alumni meets. Parents' feedback is collected during Parent-Teachers Meets. Experts from the industry give feedback during placement meets and when they visit the college to deliver special lectures, workshops. Specific suggestions in all feedbacks are considered and implemented if admissible and feasible. These feedbacks are communicated through the Board of Studies members and modifications and updations are carried out in the curriculum framed by the University.

1.1.7 Does the institution develop curriculum for any of the courses offered (other than those under the purview of the affiliating university) by it? If 'yes', give details on the process ('Needs Assessment', design, development and planning) and the courses for which the curriculum has been developed.

Apart from the courses offered by the affiliating University, the institution develops the curriculum for the certificate courses it offers.

Based on the feedback collected from the staff, students and stakeholders need based certificate courses are conducted in the college. Depending upon the course, the duration and the curriculum is designed by the college and associating institutions.

The curriculum has been designed for the following courses.

- Basic Concepts of Income Tax
- Skill Development for Self Employment
- Mushroom Cultivation
- Composting
- Azolla Cultivation

- Medical Lab Technology
- Dot Net
- Tally
- MS Office
- JAVA
- Multimedia
- Household Electricity
- Troubleshooting of Home Appliances
- Counseling Course for Women in Distress
- Human Resource Management
- Principles of Interior Design

1.1.8 How does institution analyze/ensure that the stated objectives of curriculum are achieved in the course of implementation?

At the end of each semester, syllabus completion reports are submitted by the faculty, which serves as a mechanism to check that the prescribed curriculum has been completed to the satisfaction of the students. Feedback from the students, Self-Appraisal forms filled by the faculty have provision for 'Difficulties faced / Suggestions for improvement' which are duly taken cognizance of by the college and remedied in the following academic year. Performance of the students is also an indicator of the achievement of objectives.

1.2 ACADEMIC FLEXIBILITY

1.2.1 Specifying the goals and objectives give details of the certificate/diploma/skill development courses etc., offered by the institution.

The college conducts Certificate/Diploma/Skill-based courses, which are decided as per the need-based requirement of the students. Such courses provide add-on value to their degree. Certificate courses conducted by different departments of the college are given below.

Department	Certificate Course Offered
Department of English & Tamil	Mass Communication
Social Work	Counselling Course for Women in Distress & Human Resource Management
Commerce	Basic Concepts of Income Tax & Skill Development for Self Employment
Physics	Household Electricity & Troubleshooting of Home Appliances

Microbiology	Mushroom Cultivation Composting Azolla Cultivation Medical Lab Technology

Food Service Management & Dietetics	Principles of Interior Design

1.2.2. Does the institution offer programmes that facilitate twinning /dual degree? If ‘yes’, give details.

As per the provisions of the affiliating university, students are allowed to enroll themselves in one additional P.G. Diploma / Certificate programme during the course of study in a regular Post-Graduate / Under-Graduate programme. The college offers PGDCA, a one year Post Graduate Diploma Course in Computer Applications, that can be learnt in parallel with any post graduate course. Few PG students are doing MBA concurrently in distance education mode.

The department of Social Work offers twinning degree in its Post Graduation course. Under Linneaus-Palme Students Teachers Exchange Programme, few of our students were able to do courses for one semester and get credits from the Umea University, Sweden. Similarly, few students from Umea University, studied in our college for a semester and got credits from the Bharathidasan University.

1.2.3 Give details on the various institutional provisions with reference to academic flexibility and how it has been helpful to students in terms of skills development, academic mobility, progression to higher studies and improved potential for employability. Issues may cover the following and beyond:

Range of Core / Elective options offered by the University and those opted by the college

Choice Based Credit System is offered for all the courses by Bharathidasan University since 2005.

Criterion - I

Choice Based Credit System and the range of subject options for Under Graduate Programmes

- The Language Courses (Tamil, Hindi, French & Sanskrit) and English Language Courses are 4 each in number with 3 credits each are meant to develop the students communicative skill at the UG level.
- There are 13 Core Courses with a total of 60 credits for each of the programme which are compulsorily required for each of the programme of study.
- There are 6 Allied Courses with a total of 20 credits covering two disciplines that are generally related to the main subject of the programme.
- There are 4 Major Based Elective Courses, 2 Non Major Electives and 3 Skill Based Electives offered by each programme with a total of 30 credits.
- Value Education and Gender studies having 1 credit each are offered to all students. The Value Education program is mandatory for all students. The objective in having this course is to reinforce and reiterate that ethical and moral values occupy an important place in the system of education in India.
- The UGC recommended Certificate Course on Environmental Studies with 1 credit is offered in the second semester of all the UG Programmes outside the class hours.
- Soft Skill Course is offered to all the final year students to improve their communication and interpersonal skills.
- Extension and Extra-Curricular Activities comes under part-IV and are carried out outside the class hours.

Choice Based Credit System and the range of subject options for Post Graduate Programmes

Choice Based Credit System and the range of subject options MCA Programme

- There are 30 Core Courses with 100 credits, a Major Project with 16 credits, 5 Elective Courses with 20 credits and Professional Skills and Skill Development Courses with 2 credits each.

Courses offered in modular form

All courses are in modular form.

Credit transfer and accumulation facility

The total minimum credits required for completing a UG Programme is 140 and the total minimum credits, required for completing a PG programme is 90. Students are permitted to transfer their Course Credits from Centre for Distance Education (CDE) of Bharathidasan University to Regular Stream and vice-versa.

Credit transfer facility is available for the PG students of Social Work department under the Linneaus-Palme Students-Teachers Exchange programme. Few of our students were able to do two courses for one semester and get credits from the Umea University Sweden. Similarly, few students from Umea University studied in our college for a semester and got credits from the Bharathidasan University.

Credits can also be transferred for the students who are admitted to our college from other Universities and autonomous colleges and vice versa.

Lateral and vertical mobility within and across programmes and courses

Under the Choice Based Credit System students are permitted to earn extra credits in any course and transfer the same either for early completion of the programme or for the pursuit of higher programmes. With the Non Major Electives and Skill Based Electives, the students are able to move across majors enhancing academic flexibility. Each major offers two Non Major Electives in the III and IV semester.

The following are the two Non Major Electives offered by each programme of the college.

Department	Non Major Electives

- Travel and Tourism Management
- Yoga Stress Management

PG students can do concurrent PG programmes through Distance Education. For example, a student pursuing any PG programme can also join M.C.A. or M.B.A. under the concurrent programme scheme of the university. Thus vertical mobility is allowed.

Enrichment courses

The certificate courses offered by various departments are open to all which improve the students' potential for employability.

- 1.2.4 Does the institution offer self-financed programmes? If 'yes', list them and indicate how they differ from other programmes, with reference to admission, curriculum, fee structure, teacher qualification, salary etc.**

All the courses offered by the institution are self financing courses.

- 1.2.5 Does the college provide additional skill oriented programmes, relevant to regional and global employment markets? If 'yes' provide details of such programme and the beneficiaries.**

The College conducts short term certificate courses which are skill based programmes. These courses are relevant to regional and global employment markets. The courses conducted are given under no. 1.2.1. Beneficiaries are our students. The college provides these courses to create awareness among the students about regional and global employment market. The college strives to inspire students to prepare themselves for getting opportunities in Global Employment Market.

- 1.2.6 Does the University provide for the flexibility of combining the conventional face-to-face and Distance Mode of Education for students to choose the courses / combination of their choice” If 'yes', how does the institution take advantage of such provision for the benefit of students?**

The Bharathidasan University provides for the flexibility of combining the conventional face-to-face and Distance Mode of Education for students. UG students can pursue Certificate / Diploma programmes and PG Students can take up PG Diploma programmes simultaneously. Few of our PG students are doing MBA programme concurrently in Distance Education mode. There is also an opportunity to transfer from conventional mode to distance mode and vice versa.

1.3 CURRICULUM ENRICHMENT

- 1.3.1 Describe the efforts made by the institution to supplement the University's Curriculum to ensure that the academic programmes and Institution's goals and objectives are integrated?**

The institution supplements the curriculum provided by the University and the goals and objectives of the institution focus on academic excellence, employability and self reliance.

- Short Term Certificate, Diploma and PG Diploma Courses help the students to gain additional skills and knowledge enabling them to become entrepreneurs or get placed.
- Faculty Enrichment Programmes are held annually for upgrading the knowledge and skills of faculty.

Criterion - I

- Linneaus-Palme Students-Teachers Exchange programme with Umea University, Sweden in the Department of Social Work.
- Seminars, Workshops, Management Events, Guest Lecture Sessions, Competitions, Field Trips, Poster Presentations are held thus enhancing and supplementing the curriculum.
- Value education and Tutor Ward Sessions are conducted weekly to sensitize students to contemporary social and personal issues and to implant in them ethical values of life.
- Publication of student magazine entitled “**Cauvery**” contain articles written by students. ***Tamil Solai is yet another magazine which comprises articles by students in Tamil.***
- Publication of Proceedings of Seminars.
- NCC, NSS, Sports, Cultural Associations, Cells, Clubs and Linkages, provide students with an opportunity to link cultural and social situations to their educational process.
- The college also hosts National and International Seminars / Conferences on challenging areas of research. The exposure that postgraduate students have at these events shapes their own research interests and initiatives.

1.3.2 What are the efforts made by the institution to enrich and organize the curriculum to enhance the experiences of the students so as to cope with the needs of the dynamic employment market?

The College offers programmes in Science like Mathematics, Physics, Chemistry, Computer Science, Computer Applications, Information Technology, Microbiology, Biotechnology, Food Service Management & Dietetics and Arts like English, Tamil, Social work. It also offers courses in Commerce and Business Administration. These courses provide ample opportunity for direct employment as well as entrepreneurship. Curriculum provided by the University is also enriched and organized by the college to cater to the needs of a dynamic employment market.

The students of the college prepare for different competitive examinations like NET, SET, UPSC, GATE, CAT, ICWA and Common Entrance Tests for Professional Courses like B.Ed., M.B.A. and M.C.A after their UG degree courses. Day by day the pattern of these examinations is changing. Students need current knowledge, interdisciplinary knowledge to update themselves for competitive examinations. So the institute strives to take into consideration these changing patterns. The Quiz Club organizes sessions on General Knowledge, so the students can update themselves.

The University conducts regular meeting with members of Board of Studies and Principals of affiliated colleges. As per expectation on the educational needs for upgradation, modification of the curriculum is implemented. Once the curriculum is designed it is followed up to a maximum of 3 consecutive batches. Whenever change is required, the syllabi will be modified and circulated to the affiliated colleges by the University.

1.3.3 Enumerate the efforts made by the institution to integrate the cross cutting issues such as Gender, Climate Change, Environmental Education, Human Rights, ICT etc., into the curriculum?

In an attempt towards creating awareness on Gender Equality, Climate Change, Environmental Education, Human Rights and other cross cutting issues the college organizes Seminars, Awareness Programmes, Debates, Street Plays, both On Campus as well as in the community. Subjects like Value Education, Environmental Science (EVS) and Gender Studies are incorporated in the syllabus. Applications of Computers and Information Technology is included in the syllabus of all the programmes. NSS, NCC, Rotaract Club, Leo Club, ExNoRa Club, Blood Donors Club, Gender Club, Red Ribbon Club and Women Studies Cell in the college are meant to achieve the above objectives of broadening an individual's mental horizons in the wake of globally active human issues. The college campus is ICT enabled.

1.3.4 What are the various value-added courses/enrichment programmes offered to ensure holistic development of students?

Moral and Ethical Values

The college conducts weekly Value Education Sessions through Tutor Ward system and talks by eminent personalities. Yoga training is also given to students.

Employable and Life Skills

Spoken English Courses are offered for the final year students and Bridge Course in English for first year students. Soft Skill Development, Communication and Interpersonal Skills Courses are introduced to make the students improve their communication and skills in English language.

Most of the departments in the college offer courses in Computer Applications relevant to their disciplines and hence the students are trained in the use of computer software and programming. This helps students and teachers to use ICT-enabled teaching-learning methodologies more effectively in the mastery of the subject.

Criterion - I

Better Career Options

Sessions on careers, making right choices in life, decision-making, aptitudes, choice of a career and more are conducted by the Career Guidance and Placement Cell.

Apart from regular courses, the students are also provided opportunities to develop soft skills by incorporating personality development programmes, interpersonal relationship building and understanding team dynamics into their mandatory curriculum.

The college has been conducting various career oriented and skill development programmes for employment of students. Special training are given to students in life skills like tailoring, embroidering, zardosi work, painting, aari works, quilling jewellery, making candles, phenol, soaps, detergents and sanitary napkins to enable them to become young entrepreneurs and industrialists.

Community Orientation

The college focuses on maintaining a strong community orientation. In all the programmes provided, the students are encouraged to participate in co-curricular activities like NSS, NCC, Community services by Rotaract, Leo, Blood Donor's and Red Ribbon Clubs and Environmental Awareness Programmes by Exnora Club. Students are also allotted different responsibilities in organizing various events and activities such as Cultural Programmes, Competitions, Seminars and Workshops. In this way, they improve their team building and organizational skills.

The students of the Department of Social Work are trained to take part in Mobile Legal Awareness Programme pertaining to the legal issues of women and children in rural and slum areas. The students are involved in creating awareness on social issues like drug abuse and alcoholism, anti-dowry, gender sensitization, school drop outs, child labour, health and hygiene. The students also take part in the developmental schemes like Micro Credit, Small Savings Scheme and Self Help Groups.

The various activities and Community Orientation Programmes organized by the department of social work are

1.3.5 Citing a few examples enumerate on the extent of use of the feedback from stakeholders in enriching the curriculum?

The college networks with the stakeholders to collect and document responses on curriculum from the stakeholders. The students express their opinion on curriculum through response sheets/ feedback. Responses on curriculum are also collected from alumni, peers and industry. The feedback thus obtained is communicated to the University for appropriate actions through the faculty members who are part of the Board of Studies & Board of Examiners in the particular faculty in the University.

1.3.6 How does the institution monitor and evaluate the quality of its enrichment programmes?

The IQAC, Principal, Vice-Principals, HODs and the College Union monitor the quality of the enrichment programmes through planning and effective implementation. Special committees are formed with distribution of tasks for the successful execution of the same. Each programme is evaluated through feedback obtained from faculty and students. Corrective measures are adopted for its further improvement.

1.4 FEEDBACK SYSTEM

1.4.1 What are the contributions of the institution in the design and development of the curriculum prepared by the University?

Designing and restructuring of courses mainly lies on the affiliating University. The college, however, makes significant contribution in the curriculum design and development. The existing courses are restructured and updated to meet the emerging national and global trends by reviewing periodically the syllabus of the reputed institutes, by organizing and attending educational fairs and seminars/conferences on emerging trends in various sectors. The faculty keep themselves abreast of the changing national and global trends by attending Refresher Courses and participating in Seminars. The college holds meetings to review the adequacy and viability of the existing courses and the changes required to merge into the contemporary system are discussed with all the faculty members. Departmental meetings are held to review the courses and communicate the suggestions to the members of the Board of Studies.

Criterion - I

1.4.2 Is there a formal mechanism to obtain feedback from students and stakeholders on Curriculum? If 'yes', how is it communicated to the University and made use internally for curriculum enrichment and introducing changes/new programmes?

The college IQAC committee has designed well structured feedback forms for obtaining feedback from the students, alumni, parents, employers, academic peers and the society. The feedback committee of the college collects feedback for all the criterions, campus, library, environment and assessment of teachers by students and analyses the feedback forms. The college feedback committee analyses the feedback collected and submits its recommendations for curriculum enrichment to the University. The college initiates the necessary actions on recommendations.

Criterion II

Teaching-Learning and Evaluation

Criterion - II

Teaching – Learning and Evaluation

2.1 STUDENT ENROLLMENT AND PROFILE

2.1.1 How does the college ensure publicity and transparency in the admission process?

Ours is a well reputed self financing college affiliated to Bharathidasan University serving the purpose of higher education for the first generation learners. The college prospectus contains detailed information about the various programmes offered. The college gets publicity through Prospectus, College website, Alumnae and Staff. Parent-Teacher Meet is also one important mode of disseminating information.

The admission to various courses in the college is made as per the rules and regulations of the University. The admission process is properly administered and is fully transparent. The detailed fee structure of various courses offered is displayed on the notice board. An admission committee under the chairmanship of the Principal, HOD and senior faculties monitors the process. The application forms received from the candidates are registered and the process is computerized. The college office possesses authentic and transparent records for admission to various courses.

2.1.2 Explain in detail the criteria adopted and process of admission (Ex. (i) merit (ii) common admission test conducted by state agencies (iii) combination of merit and entrance test or merit, entrance test and interview (iv) any other to various programmes of the Institution.

The students are selected on the basis of merit for admission to UG Courses. The first generation learners from remote villages are also given opportunity to join the course adhering to the government norms and procedures of the University. The admissions to these classes are given on first come first serve basis. Thus it is ensured that not a single aspirant is deprived of admissions and local demand for the same is adequately met. For admission to PG and Research Programmes, a balanced combination of merit, entrance test and interview is conducted as per the norms of the University. The results are pasted on the Notice Board and a copy is sent to the University and to the candidate concerned.

Criterion - II

2.1.3 Give the minimum and maximum percentage of marks for admission at entry level for each of the programmes offered by the college and provide a comparison with other colleges of the affiliating university within the city/district.

The minimum percentage of marks at the entry level is set by the institution and the maximum percentage of marks secured by the students differs from college to college. The admission data of other colleges is difficult to retrieve. However based on the recent trends and looking into the popularity of the various colleges, ours is considered to be one of the most preferred institutions among the Self Financing Arts and Science Colleges. This is evident from the fact that students with the top percentage of marks in the qualifying examination do prefer to join. The admission to undergraduate and post graduate programmes is followed as per the norms of the University.

Minimum and Maximum Percentage of marks for admission (2015-2016)

2.1.4 Is there a mechanism in the institution to review the admission process and student profiles annually? If 'yes', what is the outcome of such an effort and how has it contributed to the improvement of the process?

Yes, the College reviews the admission process and the profiles of students are maintained annually. Every year before the admission begins, a meeting is convened by the Principal, the Management along with the Teachers regarding the admission process. The admission committee strictly monitors, reviews and ensures that the admission process is carried out as per the stipulations of the University. The academic records and the admission registers are maintained by the office.

The admission process is modified from time to time as per the revised guidelines. In such departments where the intake percentage is not encouraging appropriate measures are taken by the college as and when necessary in order to enhance the level of enrolment of students. However in the recent years, the students prefer studying various programmes in the Arts and science colleges and as a result, enrollment of science students in our college is on the increase. The aspirants from various backgrounds choose our institution as their educational destination.

2.1.5 Reflecting on the strategies adopted to increase/improve access for following categories of students, enumerate on how the admission policy of the institution and its student profiles demonstrate/reflect the National commitment to diversity and inclusion

- a) SC/ST
- b) OBC
- c) Women
- d) Differently abled
- e) Economically weaker sections
- f) Minority community
- g) Any other

The institution ensures equity and wide access to education to students belonging to various socio- economic and cultural backgrounds. Adhering to the University norms, the college promotes education for all irrespective of the religion,

caste creed and belief. As majority of the students are from rural area, the college with the permission of the University, increases the intake of students to various programmes and the students are also supported by various State and Central Government Scholarships. The College gets laurels and appreciation from outsiders for the highest number of students who availed themselves of the scholarships. Our students profile strongly demonstrates the national commitment to diversity and inclusion. The institute provides a healthy and conducive atmosphere for better learning.

The minority students are offered different government scholarships. Similarly a number of scholarships such as Higher Education Special Scholarships for hostel students, Merit Scholarships for those who secured eighty percentage of marks. Indira Gandhi Single Girl Child Scholarships are also given. Deserving students from economically weaker sections are benefited by Central Sector Scholarships from Director of Collegiate Education and Tamilnadu Education Trust Scholarships. The students from economically weaker section are given suitable fee concessions by the CAPSA apart from the scholarships given by the management. The Principal and faculty members also help the students at a personal level. Economically disadvantaged and deserving students are issued books under the Book Bank Scheme. For physically challenged students, special facilities like ramp and toilets in the ground floor are provided.

The students of ex-servicemen ward and who excel in Cultural activities and sports are given due preference in the admission as per the norms and guidelines of the University.

2.1.6 Provide the following details for various programmes offered by the institution during the last four years and comment on the trends. i.e. reasons for increase/decrease and actions initiated for improvement.

As ours is one of the pioneering self-financing institutions, there is always a high demand for seats in the college. The college runs 15 UG Programmes, 12 PG Programmes, 3 M.Phil., and 5 Ph.D Research Programmes. From the academic year 2016 - 17, there are only 11 PG programmes as the MCA course is dropped. Besides, it runs various short term Programmes and Certificate Courses to provide Additional Courses in the college. The admissions to these courses are as follows:

It is also inferred that for UG Programmes the number of aspirants seems to be at its optimum level. For PG Programmes, the demand for admission to Commerce, English and Mathematics has been increased. The admissions to these students are offered with the permission of the University.

2.2 CATERING TO STUDENT DIVERSITY

2.2.1 How does the institution cater to the needs of differently – abled students and ensure adherence to government policies in this:

Appropriate measures are taken by the College for the differently abled students based on their needs and demands. During examinations physically challenged students are aided by scribes and half an hour extra time is given in Internal and University examinations. For free mobility, they have special arrangement such as ramp, wheel chairs, and lift facility in college and hostel and the class rooms are allotted on the ground floor. When any need arises they can utilize the lift facility. Individual attention and special care is provided to them. They are encouraged at all levels and personal guidance and counselling is given. Other students are sensitized to deal with them with humanitarian concern.

The Library has the option of e-Books which is very helpful to the students, as they do not have to search for books elsewhere. Also, service of an office assistant is spared as and when required, to fetch books from the library and to ensure free mobility of such students. These students are encouraged at every level in the institution and faculty members pay extra attention to them.

2.2.2 Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the programme? If 'yes', give details on the process.

Yes. The college has a formal mechanism to assess the students' needs in terms of knowledge and skills before the commencement of the programme. During the course of admission, the Admission Committee orally assesses the student's interests in terms of knowledge and skills by having a short interactive discussion with the students.

On 'Fresher's Day' an induction programme is arranged for the newly admitted students prior to the commencement of the classes, where parents and the management representatives participate. The Department of English conducts "A Foundation English Course" for all the first year UG students.

2.2.3 What are the strategies adopted by the institution to bridge the knowledge gap of the enrolled students (Bridge / Remedial / Add-on / Enrichment Courses, etc.) to enable them to cope with the programme of their choice?

A Foundation English Course is conducted for the students who are enrolled in various streams. Language Lab facilitates the listening and speaking skills of students irrespective of all majors. Motivational Programmes are conducted for students to overcome initial inhibitions and anxieties. The various avenues in cocurricular activities are opened and introduced to the advanced learners.

The Department of Commerce conducts ‘Basic Income Tax’ an Enrichment Course to know the basic information regarding tax. The Add-on Course by the ‘Entrepreneurial Development Cell’ trains the students to become new entrepreneurs in the city, by producing wealth out of waste products, homemade products. The Department of BBA runs Self Development Courses like Zardosi, Toy making, Jewel making and Beautician courses to improve their confidence level and to build their entrepreneurial ability.

Invariably all the departments provide basic knowledge in their respective disciplines to cope with the programme of their choice. Students are monitored continuously by the teachers in terms of providing study material, conducting remedial classes for slow learners and assessment through tests. Personality Development Programmes conducted by the departments help the students to shun out their inhibitions. Career Orientation Programmes like ‘UGC Add on Course - Mass Communication’ and ‘Software Development Using Network’ is conducted by the Department of English and the Department of Computer Science respectively.

2.2.4 How does the college sensitize its staff and students on issues such as gender, inclusions, environment etc?

The institution mainly focuses on imparting holistic education with special emphasis on moral and ethical principles. The college takes efforts to sensitize the staff and students by conducting National and International level Seminars on relevant topics. Women’s Day and Environmental Day is celebrated through various clubs. Further sensitization of students on issues of social relevance is given prime importance by the institution. A variety of Awareness Programmes are organized by various clubs like ExNoRa, Rotaract, Leo, Blood Donors, Red Ribbon, Gender, NSS and Centre for Women’s Studies in this regard. Through subjects like Environmental Studies and Value Education, staff and students are sensitized towards socially relevant issues.

2.2.5 How does the institution identify and respond to special educational/ learning needs of advanced learners?

The institution takes special interest to identify the advanced learners to secure high percentage of marks in the University examinations. The marks scored by the students in Class tests, Unit test, Mid semester and Model examination in the first half of the academic year helps in identifying the advanced learners. The institution provides a special coaching class for advanced learners to take up competitive examinations.

Advanced learners are motivated to take up concurrent courses like Career Oriented Programme (COP) which is funded by the UGC. They are given priority to participate in various Intercollegiate Fests, State, and National level competitions.

2.2.6 How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop out (students from the disadvantaged sections of society, physically challenged, slow learners, economically weaker sections etc. who may discontinue their studies if some sort of support is not provided)?

The institution has a unique and efficient system to collect, record, analyze and communicate data and information regarding the academic performance of each and every student. The academic performance of the students is identified through the evaluation of student's performance in the Class test, Unit test, Mid Semester and Model examinations. The students are given personal as well as academic counselling to motivate them to pursue their education. Along with this, remedial coaching is also provided for slow learners. Through Parent-Teacher Meet, the performance of the students are discussed and counselling is given. Though the students get attracted by the professional and short term courses or job related courses the dropout is at the lower level. Besides, students who face financial problems and are at the risk of drop out are provided financial help by the institution.

2.3 TEACHING-LEARNING PROCESS

2.3.1 How does the college plan and organize the teaching, learning and evaluation schedules? (Academic calendar, teaching plan, evaluation blue print, etc.)

The college fulfills its aims and objectives in tune with its vision and mission by meticulous planning and consistent implementation of the same. The college plans and organizes the teaching, learning and evaluation schedules in the following manner.

Academic Calendar

Generally academic year begins in the month of June. Academic year consists of two semesters; each semester roughly gets five months for teaching and learning. Every activity in the college is planned and an academic calendar is prepared prior to the commencement of the classes by a committee headed by the Principal. Annual Blue Print of the College is prepared by the IQAC. The IQAC also decides key dates for internal evaluation and cocurricular activities for each semester. On the basis of this calendar, teaching schedule is prepared.

The Academic Calendar of the College provides all the information about the college and it contains a plan for the academic year which is beneficial and convenient for students and staff. Admission schedule, Commencement date of classes, Major vacations, Important events of the academic year, Last working day for each semester, Duration of study holidays, End Semester examinations, Evaluation schedules, are notified in the academic calendar. The dates specified in the calendar are rarely changed and the teachers are expected to strictly adhere to complete the syllabus, revise and evaluate.

Teaching Plan

On the day of reopening a general staff meeting is held to discuss the annual plan regarding work load, work distribution, time table, allotment of responsibilities, organization of seminars, club meetings, details regarding the smooth functioning of the day to day work of the college. A teaching programme schedule/work diary is prepared at the commencement of academic year which makes the teaching learning process effective during the year. Periodic evaluation is done by HODs and Principal.

Evaluation

Evaluation is the most essential measure in the teaching learning system. In every semester students are subjected to continuous and comprehensive evaluation process. University prescribed C.G.P.A. pattern (75+25) is followed in the evaluation

process. Apart from this, periodic Class tests, Unit tests, Mid Semester and Model examinations are conducted for evaluation. The Centralized University Exam Time Table is declared by the University.

2.3.2 How does IQAC contribute to improve the teaching –learning process?

IQAC as a post-accreditation quality sustenance measure maintains and enhances innovations in teaching and learning. The periodical meeting of IQAC with the Principal and HODs facilitates students to know the academic plan and evaluation patterns and reforms if any. Under the banner of IQAC various Value Added Programmes like Discussions, Workshops, Seminars, Conferences are arranged augmenting to the quality of the teaching learning process. Subject expertise is also provided by the external members of the IQAC. The IQAC insists on the quality up gradation of higher education and a number of programmes are organized focusing on current trends in different fields.

2.3.3 How is learning made more student – centric? Give details on the support structures and systems available for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students?

The learning process is made more student-centric for their holistic development and knowledge improvement. The various teaching techniques are adopted to make learning process more effective for the benefit of the students .These include Seminars, Study tours, Industrial visits, Fieldworks, Projects, Science Exhibition, Group discussion, Guest lectures, Debates and Case study under the auspices of respective clubs of the departments. Maximum utilization of Internet, Library, Language Lab and Departmental Labs is ensured to make the learning more student-centric. The students are encouraged to use power point and LCD in individual and group presentations.

The Students' participation in organization of Workshops, Conferences, Cultural and Sports events both intra and intercollegiate enables them towards interactive, collaborative and independent learning. The college has a full-fledged digitalized Central Library, Department Libraries, providing text books, e-magazines, journals, on-line journal, reference books, previous year question papers (external and internal), academic journals and magazines. Besides, The Hindu and The Economic Times are supplied to the students at a concessional rate. The provision of infrastructural facilities, complementing the knowledge resource enhances the learning process student-centric.

2.3.4 How does the institution nurture critical thinking, creativity and scientific temper among the students to transform them into life- long learners and innovators?

In order to cope with the changing scenario, a variety of programmes are made available to nurture critical thinking among the students. The students make best use of their creative and critical thinking ability when they are given chances to organize various events like Monday General Assembly, Cultural Programmes, Freshers' Day, Welcome and Thanksgiving Day, Teacher's Day, Pongal Celebration, Sports Day, College Day, Hostel Day and Fare Well Day. The College also brings out an Annual College Magazine, In-house Magazine and Newsletters like Herald, Tamilcholai are published by the Department of English and Tamil respectively. To sharpen their reasoning power, Group Discussions, Debates and Seminars are organized wherein they explore new ideas and also get a chance to listen to the expert views of eminent Professionals. They are also given chances to participate in various Intercollegiate fests, Paper Presentations, Elocution, Debate and Poster-Making Competitions. The faculty engages the students in various practical works and project works to encourage the scientific temper among students. The college has a Career Guidance and Entrepreneurship Development Cell which helps the students to exhibit ideas which are innovative, creative and entrepreneurial.

2.3.5 What are the technologies and facilities available and used by the faculty for effective teaching? Eg: Virtual laboratories e-learning – resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.

The college has incorporated the teaching frame work with advancement in the field of educational technology in the changing scenario of globalization. The college provides the latest technologies and facilities for the benefit of the faculty members in order to enhance their effectiveness of teaching learning process. It includes LCD Projectors, Wi-Fi Internet facility in the entire campus, Library books access through OPAC, e-Journals through INFLIBNET, DELNET, American Library, ACM Digital Library, Language Lab, latest version of Software and Video – Conferencing facility.

2.3.6 How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops etc.)?

Teachers participate in Orientation and Refresher Courses organized by University and Conference, Workshops and Seminars organized by the College and

other Institutions. Faculty and students are encouraged to participate and present research papers in National Level Seminars. Subject Expert Lectures are arranged in all the departments under the aegis of their clubs.

2.3.7 Detail (process and the number of students / benefitted) on the academic, personal and psycho-social support and guidance services (professional counseling / mentoring / academic advise) provided to students?

Academic counselling is given by the teachers of all the departments and need based professional counselling is given to the students by the faculty of Social Work. The college has a tutor-ward system wherein the teachers in-charge and the teachers who handle classes act as mentors for a group of about 25 – 30 students. Teaching faculties in general provide constant support and guidance in day-to-day activities. Teachers in charge regularly supervise attendance, neatness, punctuality, health and thus the total conduct of the student is monitored. Daily classes start with a prayer song and general assembly on every Monday CESGA (Cauvery Eternal Spiritual General Assembly) is organized by various major students based on their allotments. Visits to Orphanages and donations to the needy initiated by the service clubs enable the students to become socially responsible and committed. Guest lectures on women issues and awareness of rights are arranged. The students are given inputs regarding career counselling for job opportunities in IT field, Banks, MNCs and a number of students have been placed during the past five years.

2.3.8 Provide details of innovative teaching approaches/ methods adopted by the faculty during the last four years. What are the efforts made by the institution to encourage the faculty to adopt new and innovative approaches and the impact of such innovative practices on student learning?

The college encourages the teachers to update themselves in the latest developments in the respective fields. They are encouraged to have computer aided teaching learning process. The teaching methods vary from department to department because of heterogeneous departments. Besides class room teaching, paper presentation, group discussion and seminars are given. Science stream provides project topics for nurturing research attitude among the students. As a result of the constant efforts of the faculty there is a remarkable growth in the performance of the students.

2.3.9 How are library resource used to augment the teaching learning process?

Library is a real learning resource center with a wide collection of books, magazines, research journals, periodicals, e-resources and internet facility which

enhances the teaching, learning process. The department library functions in each department providing additional reading material for the students and faculties. A question bank consisting University question papers is available in the library. 'Best Library Utilizer Award' motivates the students towards maximum usage of library resources.

2.3.10 Does the institution face any challenges in completing the curriculum within planned time frame and calendar? If 'yes', elaborate on the challenges encountered and the institutional approaches to overcome these.

The highest priority is given to complete the curriculum within the stipulated time frame prescribed by the University. Since the lesson plans are prepared well in advance and their implementation is strictly monitored, the institution does not face any challenge in completing the curriculum within the planned time frame and calendar. Lecturers are appointed on leave vacancy to complete the curriculum on time in case of maternity leaves.

2.3.11 How does the institute monitor and evaluate the quality of teaching learning?

Through the Academic Council Meet under the headship of the Principal the teaching learning process is monitored and evaluated mostly on a periodical basis. The meeting of the HODs and colleagues helps in streamlining the teaching learning process, evaluation procedures, curriculum completion and academic performance of the students. A suggestion box is placed to obtain feedback from students. Feedback form is also collected from students to evaluate the effectiveness of teaching-learning process. The management and the faculty evaluates the students performance in the review meetings and faculty is congratulated for providing good results and proficiency prizes are awarded in the College Day celebration to appreciate and motivate the meritorious group of students and corrective measures are also given by the Principal to weed out the shortcomings encountered.

2.4 TEACHER QUALITY

2.4.1 Provide the following and elaborate on the strategies adopted by the college in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum.

The college appoints qualified and competent faculty as per the requirements. The details of the vacancy position of the departments are submitted to the management at the end of every semester. Advertisement is published in the

Criterion - II

newspapers. The required faculty is selected by the Interview panel consisting of the members of the Management Committee, External Subject Expert and Head of the department concerned and the selected candidates are appointed as per the norms and regulations of the institution. Additionally the temporary appointments are also made by the management committee of our college as per the need.

2.4.2 How does the institution cope with the growing demand/scarcity of qualified senior faculty to teach new programmes / modern areas (emerging areas) of study being introduced Biotechnology, IT, Bioinformatics etc.)? Provide details on the efforts made by the institution on this direction and the outcome during the last three years.

Being Arts & Science College, the adequate recruitments are done as per college rules. Hence additional faculty is not appointed to teach existing courses. Existing faculty themselves undertake the responsibility of teaching new courses. Visiting faculty and the guest lecturers are invited to teach when need arises. However Subject Expert Lectures are conducted by every department to update the emerging trends in various fields through the respective departmental clubs. The invited resource persons are provided with honorarium and conveyance.

2.4.3 Providing details on staff development programmes during the last four years elaborate on the strategies adopted by the institution in enhancing the teacher quality.

The institution motivates the teaching faculty to participate in various Quality Enhancement Programmes like Orientation, Refresher course etc. The College also encourages the faculty to update themselves with recent knowledge and techniques and pursue research in different disciplines. In order to realize and gain recent knowledge, the College organizes National / International Seminars, Conferences and Workshops. The Research Committee of the college insists the faculty to participate in Quality Enhancement Programmes on large scale. Minor Research Projects have been proved to be highly beneficial not only to the teachers concerned but also to all the stakeholders. The Department of Social Work organized an International Teacher Student Exchange Programme “Linneaus Palme” in Memorandum of Understanding (MoU) with Umea University (Sweden) from 2006 to 2012 to enhance the quality of teachers.

b. Faculty Training programmes organized by the institution to empower and enable the use of various tools and technology for improved teaching – learning

➤ Teaching learning methods / approaches.

The college encourages the teachers to update themselves in the latest developments in the respective fields. They are encouraged to have computer aided teaching learning process. The teaching methods vary from department to department because of heterogeneous departments. Besides class room teaching, paper presentation, group discussion, seminars, block placements and Group projects are given. Science stream provides project topics for nurturing research attitude among

the students. As a result of the constant efforts of the faculty there is a remarkable growth in the performance of the students.

➤ **Handling new curriculum**

We have adequate number of experienced and qualified staff members to handle the curriculum efficiently. The Academic Staff council meets very often and discusses about the new parameters that had been introduced in the curriculum and plans for training programs if any required for the teaching faculty on those newly introduced parameters.

➤ **Content / knowledge management**

The faculty update their knowledge regularly by attending various seminars and workshops. Faculty members are also encouraged to present papers and deliver lectures in various Workshops/Seminars conferences/. The College also organizes seminars and workshops in all aspects of Teaching and Learning processes.

➤ **Selection, development and use of enrichment materials**

Information obtained from resources, websites, from books and journals are regularly incorporated into teaching materials. The teaching materials are also prepared by our teaching faculty.

➤ **Assessment**

Through the Academic Council Meet under the headship of the Principal the teaching faculty is monitored and evaluated mostly on a periodical basis. The Principal collects feedback about faculty individually from all the first year students and provides necessary directions. The meeting of the HODs and colleagues helps in streamlining the teaching learning process, evaluation procedures, curriculum completion and academic performance of the students. Feedback form is also collected from students to evaluate the effectiveness of teaching-learning process.

➤ **Audio visual aids/ multimedia**

Audio visual aids are widely used for the conduct of Seminars, Workshops and special lectures. Teachers also make use of this facility

➤ **Open Education Resources**

As a part of User Education Programme efficient OPAC (Online Public Access Catalogue Service) is provided to all the freshers through the library software "NIRMALS", every year at the beginning of the academic year.

Teaching – Learning & Evaluation

➤ **Teaching learning material development, selection and use.**

The faculty members are encouraged by the institution to attend various training programmes. Workshops, Guest lectures, Seminars on Current Issues and Trends in various disciplines are planned for the faculty.

2.4.6 Has the institution introduced evaluation of teachers by the students and external peers? If yes, how is the evaluation used for improving the quality of the teaching –learning process?

Yes, the institution has a feed-back committee for the evaluation of teachers by the students. At the end of each academic year, students are instructed to fill up the feedback forms about their respective teachers by allotting preferential points. The data is collected by the committee for analysis. The comprehensive report is prepared and same is brought to the knowledge of the teachers concerned for their necessary improvement. IQAC continuously supervises the same for maintaining teaching, learning quality of the institution. The evaluation of institution is done by Triennial Inspection Commission appointed by the University.

2.5 EVALUATION PROCESS AND REFORMS

2.5.1 How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?

The College follows the Semester pattern for UG and PG as per the University norms. The faculty members are given orientation regarding the evaluation structures by the Principal through the Heads of the Departments concerned. University prescribed CIA pattern is explained to the students. Periodical tests are conducted apart from Assignments and Seminars. The marks scored by the students in terms of Mid-term and Model Examinations are sent to their residential address. After the publications of the results by the University, the students are informed about the procedure for applying for re-valuation, re-totalling, transparency of answer scripts and instant examinations.

The staff members are assessed through the systematized feedback from the students. The IQAC and the Department of Mathematics analyze the feedback forms and submit the evaluative report to the Principal. The evaluated reports are perused by the Principal. The outcome of the feedback analysis is informed to each teacher and in turn the corrections are rectified.

2.5.2 What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?

As the college is affiliated to the Bharathidasan University, it carries out the reforms pronounced by the University then and there. It follows the University rules and regulations regarding the conduct of internal and external examinations. The Choice Based Credit System have been adopted by the University which is implemented by the institution. Test series like Class test, Unit test, Mid semester and

Model examinations are conducted to evaluate the performance of the students which identifies weak and advanced learners accordingly.

University reforms

- Online submission of Internal Assessment.

College reforms

- Unit test, Mid semester, Model examinations are conducted.
- Seminars, Assignments are given to evaluate the performance of students.
- Introduction of SMS facility to parents regarding the attendance.
- Mid semester and University exam marks are intimated to parents.

2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the university and those initiated by the institution on its own?

At the beginning of every academic year the College Calendar is prepared to follow the number of working days for Odd and Even semester. The formative evaluation ensures smooth functioning of the examination process. The internal as well as the external examination schedule is displayed on the notice board. The students' progress card is sent to their parents after every mid semester exams along with their semester results. A class wise mark record is maintained to update marks from unit test to the end semester results. The results of the students' performance in various tests are shown to the students to encourage them or to counsel them for better future performance. The University Examinations are conducted with utmost care and seriousness in order to avoid any unfair practices.

2.5.4 Provide details on the formative and summative assessment approaches adopted to measure student achievement. Cite a few examples which have positively impacted the system.

To measure student achievements, the Bharadhidasan University has introduced the Choice Based Credit System which includes 25 marks as internal evaluation and 75 marks for external evaluation. The Internal evaluation method motivates the students to attend the classes, enhances active participation of students and hence better interaction with the teacher in the classroom during the lectures. A definite examination schedule and a standardized internal assessment schedule for UG and PG courses are followed. Continuous Internal Assessment of students is done through assignments, tests, quizzes, seminars, on-the-spot-study, laboratory work and projects in strict adherence to the deadlines as per the work plan. Seminars are compulsory components of PG formative evaluation schedule. A minimum pass of 30% in the formative and an aggregate of 40% in summative is required for a pass in each subject for UG students.

Formative Evaluation Approaches

Co curricular Activities

Every year Cultural Extravaganza - Inter departmental competition for the students is organized to mould them for a holistic approach which includes a variety of literary and non literary events. Annual Interdepartmental Sports Meet is conducted. The achievers are awarded with Trophies, Shields and Certificates. This motivates them confident enough to participate in the Open Competitions and win laurels to the college.

2.5.5 Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (Weightage for behavioral aspects, independent learning, communication skills etc.)

Behavioral Aspects

- Social and Moral values through implementation of a paper titled Value Education.
- Gender sensitization through a paper titled Gender Studies.
- Personality development through the activities of various clubs like NSS, NCC, ROTARACT, LEO, ExNoRa and the department clubs.

Independent Learning

- Introduction of Skill Based Elective paper – Communication and Presentation Skills – and Elective Paper – Soft Skills.
- The coordinated network among Library, Language Lab and Internet Lab helps them in attaining independent learning.

Communication Skills

- Communication Skills through ‘A Foundation English Course’ and Language Lab.

2.5.6 What are the graduates attributes specified by the college/ affiliating university? How does the college ensure the attainment of these by the students?

- The various activities of the college are framed with a view to imparting a holistic acquisition of attributes specified by the University and the College.
- In accordance with the University motto 'A Brave New World' and the College motto '**Karka Nirka**'.
- Rural Women Empowerment.
- Employability through Career Guidance and Placement Cell.
- Communication Skills through 'A Foundation English Course' and Language Lab.
- Introduction of Skill Based Elective paper – Communication and Presentation Skills – and Elective Paper – Soft Skills.
- Social and Moral values through implementation of a paper titled Value Education.
- Environmental awareness through a paper titled Environment Science.
- Gender sensitization through a paper titled Gender Studies.
- The Library remains the true Learning Resource Centre providing free and easy access to the resources available.
- The coordinated network among Library, Language Lab and Internet Lab helps them in attaining the attributes.
- Personality development through the activities of various clubs like NSS, NCC, ROTARACT, LEO, ExNoRa and the department clubs.

2.5.7 What are the mechanisms for the redressal of grievances with reference to evaluation both at the college and university level?

The students Grievance Redressal Cell addresses the problems of students and gives counselling. Tutor Ward System counsels the students on various topics based on human values. For every block and each floor, Floor – in – charges are appointed to redress the grievances of the students and staff and records are maintained by them. Students Executive Committee consisting of student volunteers from various disciplines represents the grievances of the students.

Evaluation at the University Level:

Students can apply for review of answer scripts to the Controller of Examinations of Bharathidasan University by filling up an application forwarded by

the Principal of the College within 15 days from the declaration of the University result.

- Re-totalling of marks
- Revaluation
- Instant examination
- The college office facilitates in communicating the grievances regarding the results withheld, change in marks, name, Register number to the University.

2.6 STUDENT PERFORMANCE AND LEARNING

2.6.1 Does the college have clearly stated learning outcomes? If ‘yes’ give details on how the students and staff are made aware of these?

Yes. The staff and students are made aware of learning outcomes. The performance of the students in the Continuous Internal Assessment serves as a yard stick to judge their learning outputs. The vision and mission is enshrined in the college calendar.

- To impart higher education to women students from the local and rural areas.
- To inculcate knowledge of a high order and to imbibe in the students a scientific approach to Information Technology.
- To make our wards aware of Entrepreneurial Development.
- To impart skills to the level of excellence and thus present a value system in the youth entrusted to us.
- To empower students to participate in social, cultural and economic spheres and contribute positively to the uplift of the society.
- To promote academic excellence by adopting customized learner focused methodologies.
- To develop self reliant and competent women by tapping and nurturing their potential through curricular and extracurricular activities.
- To provide skilled man power by imparting in depth knowledge and keeping abreast with changing trends in technology.
- To inculcate the spirit of nationalism, uprightness and self confidence enabling themselves to become responsible members of the society and useful citizens of the nation.

The first generation learners are given due preference. By grooming the girls into confident, well equipped, culturally conscious and globally competent person the college vision is made a reality.

Criterion - II

2.6.2 Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course/ programme? Provide an analysis of the students results/ achievement (programme / course wise for last four years) and explain the differences if any and patterns of achievement across the programmes / courses offered.

The formative evaluation periodically assesses the students' performance and progression. The Progress Report is sent to the parents after every Mid Semester along with the Semester marks. Parent- Teachers meet is conducted for the students to discuss the performance of the students.

2.6.3 How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?

To achieve the intended learning outcomes various facilities are provided to the learners of the institution. The teaching learning process is student centred. The students are provided with well equipped library, internet facility and Language Lab. Financial assistance is given to the needy students. Advanced teaching learning skills are promoted through e-learning process by the staff members. Each student is required to submit assignments and take class-room seminars on the topics of their learning. This helps them to organize their ideas in presentation skills. Coaching classes for NET/SET and competitive examinations are organized. The students participate in cocurricular activities organized by various institutions and they win laurels.

2.6.4 What are the measures/ initiatives taken up by the institution to enhance the social and economic relevance (student placements, entrepreneurship, innovation and research aptitude developed among students etc.) of the courses offered?

The Career Guidance Cell periodically organizes workshops on the current trends and novel techniques to face competitive examinations. The college library and laboratories help the students inculcate innovation by allowing them to explore and experiment. The College Magazine provides a platform to give expression to their creative fervor. Invariably all the students are privileged to utilize internet, language lab and library by the triangular allocation.

Criterion - II

➤ Students' Placement

Off campus and On campus recruitments are made. Job opportunities are informed to the passed out students (pathway programmes). All UG final year students create a group mail Id. The students are provided self employment by the programmes of Mushroom and Azolla cultivation through the Department of Microbiology. Many students are placed as Dietitians in Hospitals and fitness center. Many of them are appointed as Assistant Professors in colleges.

➤ Entrepreneurship Activity:

Interested students enroll themselves in entrepreneurial courses like Beautician course, Jam & Juice Making, Jewellery Making, Toy Making. Organizing food stall, Internship at speciality hospitals, star category hotels and college hostel (a type of welfare food service) form part of the entrepreneurial activity.

➤ Innovation and Research Aptitude

Students are taken on Industrial visits which acquaints them towards research. They are motivated to present papers at intercollegiate competitions. They are encouraged to avail themselves of the facilities in the lab to do their project.

Criterion - II

2.6.5 How does the institution collect and analyze data on student performance and learning outcomes and use it for planning and overcoming barriers of learning?

Work Diaries and Mark Registers are maintained by the faculty members and are submitted periodically to the Principal through the respective Heads of the Departments. Students' profile which contains their address, e-mail Id, contact number and parents' details for each class is maintained by the class in charges. Students are categorized as slow, medium and advanced learners and coaching is given accordingly whenever needed. The barriers are rectified by the staff members with the typical handling method such as proper guidance and counselling. Meritorious students are awarded proficiency prizes in the college. Rank holders in the University are felicitated in the college function through gold medals instituted by the management.

2.6.6 How does the institution monitor and ensure the achievement of learning outcomes?

To ensure the achievement of learning outcomes, the results are analysed at the end of each semester and efforts are directed to improve the same. The intended learning outcome is made through focused teaching plans, student-centric teaching methodologies, assignments, seminars, power point presentations and group discussions. The Heads of the Departments monitor teaching-learning methods. After the evaluation of the first internal test, slow learners are identified by the course teachers and remedial classes are conducted to improve their understanding and performance. Centralized internal tests and model examination make the students attend semester examinations with due seriousness. The Principal peruses the model examination marks in the progress reports of the UG and the PG students insists on adopting specific strategies to achieve the learning outcomes. Feedback on each course and each teacher is collected from students by the departments at the end of Even semester.

2.6.7 Does the institution and individual teachers use assessment/ evaluation outcomes as an indicator for evaluating student performance, achievement of learning objectives and planning? If 'yes' provide details on the process and cite a few examples.

Any other relevant information regarding Teaching-Learning and Evaluation which the college would like to include.

Yes. Students are motivated to secure high marks and University Ranks. The pass percentage of the students increases year by year, because of CIA. Individual

Teaching – Learning & Evaluation

mark registers are maintained by the staff members for the papers handled by them. Instant exams are conducted for those who have arrears in one subject and they are encouraged to get pass marks and to appear for higher education. Teachers plan their work through work diary. Lab schedule is planned by Cycle of Experiment which is used to provide individual apparatus setup for each student thereby practical classes enhance better understanding. Project work helps the students to gain in-depth knowledge in the subjects. Internship and industrial visits give practical knowledge to the students. By this the college tries to enable them to mould their personality by developing their talents and skill. The evaluation processes are student-friendly and reliable.

Research, Consultancy and Extension

3.1 PROMOTION OF RESEARCH

3.1.1 Does the institution have recognized research centre/s of the affiliating University or any other agency / organization?

Yes. The Departments of Commerce, Social Work, Tamil, Mathematics and Computer Science are recognized as research centers for Ph.D., programme. The Departments of Commerce and Computer Science and Social Works are recognized as research center for M.Phil. programme.

3.1.2. Does the Institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.

Yes. The college has a research committee to monitor and address the issues of research.

Composition of the committee

- ❖ The Principal
- ❖ The Vice-Principal
- ❖ Heads of the Departments

Recommendations made by the committee

- ❖ To create required infrastructure to carryout research activities
- ❖ To apply for different research proposals to various funding agencies
- ❖ To motivate the faculty to participate in the programme related to research activities and to apply and get research grants through various agencies
- ❖ To motivate the faculty to apply for patent registration
- ❖ To motivate the faculty and students to acquire M.Phil. and Ph.D. Degrees.
- ❖ To encourage the faculty and research scholars to participate and present papers in National/International level Seminars and Conferences
- ❖ To encourage the faculty for publishing Research papers in the reputed Research Journals with high impact factor value

Impacts

- ❖ Provided computer and internet facilities for all departments.
- ❖ Purchased books and journals according to the needs of the faculty.
- ❖ Received funds from UGC to carry out 7 minor projects and received fund from DST to conduct INSPIRE programme and Lecturer Workshop

3.1.3 What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes/ projects?

❖ **Autonomy to the principal investigator**

The principal investigator has full freedom to utilize the amount granted for the research related work.

❖ **Timely availability or release of resources**

Timely release of resources as per the need of the principal investigator.

❖ **Adequate infrastructure and human resources**

The institution gives adequate infrastructure and human resources to facilitate the research activities.

❖ **Time-off, reduced teaching load, special leave etc., to teachers**

The college provides all these facilities to the investigators as per the intensity of research.

❖ **Support in terms of technology and information needs**

The college library is enriched with e-journals, books, Computer Net Center and well equipped laboratory facilitating the research activities.

❖ **Facilitate timely auditing and submission of utilization certificate to the funding authorities**

The institution monitors and facilitates timely auditing and submission of Utilization Certificate to the funding authorities.

❖ **Any other**

The institution encourages and extends all help possible to promote research activities in the institution.

3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students

The management encourages to arrange Seminars, Conferences and Workshops where by students have ample opportunities to interact with eminent researchers and scientists. To promote the research activities the institution purchases modern equipments, latest books, research journals and magazines.

3.1.5 Give details of the faculty involvement in active research (Guiding student research, leading Research Projects, engaged in individual/collaborative research activity, etc.

A total of 46 faculty members are recognized as M.Phil. supervisors among these supervisors 26 have been recognized as Ph.D. supervisors. Research supervisors have guided 383 M.Phil Scholars and 47 Ph.D. Scholars.

The List of faculty members acting as research supervisors for the research scholars is given in the following table :

3.1.8 Enumerate the efforts of the institution in attracting researchers of eminence to visit the campus and interact with teachers and students?

The Institution regularly organizes Conferences, Seminars and Workshops at National and International level in order to rope in researchers of eminence to visit the campus and interact with teachers and students.

The Institution has international tie up with the Department of Social Work, Umea University Sweden and Plymouth University, Plymouth, United Kingdom.

The Exchange teachers interact with students and faculty regarding thrust areas of research, significances of research methodology involved in research, statistical influences on research, and need for publications.

3.1.9 What percentage of the faculty has utilized Sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?

Though there is no provision to avail Sabbatical Leave for research activities, the management provides On-Duty to the faculty to attend and present papers in National and International Seminars, Conferences and Symposium. This process has

Criterion - III

certainly helped the faculty members to enhance the quality of their research work and in turn has contributed to a better research ambience in the college.

3.1.10 Provide details of the initiatives taken up by the institution in creating awareness/advocating/transfer of relative findings of research of the institution and elsewhere to students and community (lab to land)?

The management encourages and sanctions On-Duty for faculty to act as subject expert and also to present research papers in different International and National Conferences.

The institution also encourages publications by faculty in reputed journals, books, articles in edited volumes, seminar proceedings to transfer their research findings.

The PG students of Commerce, Social Work, Microbiology, Physics, Mathematics, Computer Science and Food Service Management and Dietetics carry out projects related to social, environmental and health issues.

3.2 RESOURCE MOBILIZATION FOR RESEARCH

3.2.1 What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.

Not Applicable

3.2.2 Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the percentage of the faculty that has availed the last four years?

There is no provision in the institution to provide seed money to the faculty for research.

3.2.3 What are the financial provisions made available to support student research projects by students?

Purchase of latest instrumentation required for students' research projects. Internet facility with Wi-Fi, INFLIBNET and DELNET services.,ACM Digital library,American Library

3.2.4 How does the various department / units/ staff of the institute interact in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing interdisciplinary research.

No inter-disciplinary research programme.

3.2.5 How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?

All departments are connected with Wi-Fi and the research scholars can access internet during working and non working hours at free of cost. Uninterrupted power supply is provided to all departments with the help of generator with (110 Kva capacity) to ensure the smooth functioning of the research laboratories. An hour per week is incorporated in the class timetable for Language Lab, Library and Net Lab.

3.2.6 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If 'yes' give details.

The Department of Biotechnology has received amount from Indian Academy of Sciences and Department of Science & Technology to conduct Lecture Workshop and Summer Science Camp. The Biotechnology department had received Rs.1033934 towards

3.3. RESEARCH FACILITIES

3.3.1 What are the research facilities available to the students and research scholars within the campus?

A well equipped Digital Library and Laboratories, Wi-Fi Internet Facility, LCD Projector and uninterrupted power supply with generators are available for the students and research scholars. The institution periodically and systematically organizes Seminar, Conferences and Workshops for the students with eminent resource persons to know about the latest development in their research areas.

3.3.2 What are the institutions strategies for planning, upgrading and creating infrastructural facilities to meet the needs of researchers especially in the new and emerging areas of research?

Academic Council meets the management and expresses the needy requirements to undertake research activities in emerging areas. The institution provides updated research facilities like books, journals and equipments to their faculty and the students as per the needs.

3.3.3 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facilities if 'yes' what are the instruments / facilities created during the last four years.

The Department of Biotechnology has received the amount from Indian Academy of Sciences and Department of Science & Technology to conduct Lecture Workshop and Summer Science Camp. We have been recognized by DST under FIST program at Zero level to strengthen Research facilities in various PG Science Departments We have been sanctioned with an amount of Rs.30,00,000 towards strengthening the research facilities under this scheme.

3.3.4 What are the research facilities made available to the students and research scholars outside the campus/ other research laboratories?

The students and research scholars will be referred to the agency/bank/computer center/laboratory/hospital/government welfare organization and NGO's based on the nature of the study to collect data/survey from the respondents.

3.3.5 Provide details on the library / information resources centre or any other facilities available specifically for the researchers?

The library has a large collection of 35688 books, 25309 titles, 168 journals, magazines 30,60,000 e-books, 30,06,000 e-journals, a compilation of 4670 CDs, DVDs & videos, 2266 back volumes, 07 map atlas and other research materials. The library is fully automated with the library software called “NIRMALS”. Main Library is extended with PG Reference Centre with more accommodation for students. There is a separate section for Periodicals, Dissertation Reference and Digital Library. A software enabled Open Access system is followed. Free internet access is provided through internet centre in the library. Bar coding is used for circulation service and to mark the Gate Entry of users. OPAC (Online Public Access Catalogue Service) is provided to all the freshers of the college. E-Journals such as INFLIBNET, American Library, ACM Digital Library

3.3.6 What are the collaborative research facilities developed/ created by the research institutes in the college. For ex. Laboratories, library, instruments, computers, new technology etc.

Efforts have been made to create collaborative research facilities in the library with e-Journals such as Inflibnet, American Library, ACM Digital Library and DELNET which are utilized by the faculties and students from time to time effectively.

3.4 RESEARCH PUBLICATION AND AWARDS

3.4.1 Highlight the major research achievements of the staff and students in terms of

❖ Patents obtained and filed (process and product)

Ms. M. Ranjani, Assistant Professor, Department of Microbiology applied for One Patent. However, no patent have been sanctioned so far.

❖ Original research contributing to product improvement

All the original research findings are beneficial in nature to bring transformation in environment and in individuals.

❖ Research studies or surveys benefiting the community or improving the services

The following research studies and surveys benefit communities by providing awareness on burning social issues and problems with effective solutions:

Criterion - III

- ❖ Psycho Social Problems of Vulnerable Section of the Society
- ❖ Specific Health Issues and Diseases
- ❖ Nutritional Status of Individuals with Problems
- ❖ Working Environment of Industries, Bank Sectors & Financial Institutions

❖ **Research inputs contributing to new initiatives and social development**

The research carried out by the researchers are usually useful for social development

3.4.2 Does the Institute publish or partner in publication of research journal(s)? if 'yes', indicate the composition of the editorial board, publication policies and whether such publication policies and whether such publication is listed in any international database?

Yes. A Research Journal 'Cauvery College Research Journal' has been published since 2007. It is a bi-annual, multidisciplinary, refereed research journal which aims at culminating the efforts of research scholars, academicians, researchers and writers in the field of Commerce, Business Administration, Humanities, Physical and Social sciences. Research articles based on empirical studies are invited in major thrust areas to ensure quality and excellence in higher education.

Criterion IV

Infrastructure and Learning Resources

Criterion - IV

Infrastructure and Learning Resources

The college has adequate and good infrastructure for learning, teaching, research, co-curricular and sports activities. The infrastructural facilities provide the right media for intellectual, physical and aesthetic pursuits that are fully utilized. The college was started in the year 1984 to fulfill the long-felt need of higher-education for girls, of all communities and religions.

4.1 PHYSICAL FACILITIES

4.1.1 What is the policy of the Institution for creation and enhancement of infrastructure that Facilitate effective teaching and learning?

The policy of the institution for creation and enhancement of infrastructure that facilitate effective teaching and learning is framed by the management and the college is endowed with adequate physical infrastructural facilities. Systematic efforts have been made periodically by the management of our college to keep pace with new, supplementary and replacement demands. The infrastructural development policies of our college are framed accordingly:

- The needs of the students.
- Their strength in different courses.
- Enhancement of infrastructure in compliance with the expanding curriculum and extracurricular areas.

The management has created ideal network of infrastructure consisting of a number of well connected buildings, water closet, drinking water facilities, well established library, high-quality boarding house and good quality logistic. Initially the needs of the required infrastructure are planned with estimates from various departments. The given details are then discussed and assessed with the College Governing Council and forwarded to the management for its approval. After the approval of the management, it will be deployed to the departments.

- Well furnished staff room with sufficient lighting, ventilation, and desktop with Wi-Fi connection.
- Spacious classrooms with properly painted black boards.
- Each department is facilitated with OHP and LCD projectors to support effective learning practice.

- Aided department library to enhance the reading practice of the student.

4.2.4 Provide details on the ICT and other tools deployed to provide maximum access to the library collections.

- **OPAC -YES**

As a part of User Education Programme efficient OPAC (Online Public Access Catalogue Service) is provided to all the freshers through the library software “NIRMALS”, every year at the beginning of the academic year.

- **Electronic Resource Management Package for e-journals - YES**

Delnet, Inflibnet, American Library, ACM Digital Library

- **Federated searching tools to search articles in multiple databases**

The library has a growing collection of e-books, e-journals, electronic resources such as Delnet, Inflibnet, American Library, ACM Digital Library .

- **Library Website : YES**
(Subject Gateway - mathgateway07)

- **In-house / remote access to e-publications : YES**

- **Library Automation : YES**

- **Total number of computers for public access : 20**

Main Library : 7

PG Reference Section : 3

Digital : 10

- **Total number of printers for public access : 1**

- **Internet band width / speed : 2mbps /1.0 Gbps**

- **Institutional Repository :YES**

Thesis, Dissertations, Student's Project, Question Bank, News Paper of previous 5 - 6 months and back volumes of journals are maintained in the library.

- **Content management systems for e-learning : NO**

- **Participation in Resource Sharing networks/ consortia (like Inflibnet) :YES**

4.2.5 Provide details on the following items:

Average number of walk-ins	:400 per day
Average number of books issued/returned	: 76 / 74 per day
Ratio of library books to students enrolled	: 1:7
Average number of books added during last three years	: 1524
Average number of login to OPAC	: 55 - 60
Average number of login to e-resources	: 50 Per Day
Average number of e-resources downloaded/printed	: 40-45 Per Day
Number of information literacy trainings organized	: 1 per year
Details of “weeding out” of books and other materials	: Torn and damage books are weeded out for the purpose of binding.

4.2.6 Give Details of the specialized services provided by the library

- Manuscripts : YES
- Reference : YES
- Reprography :YES
- ILL (Inter Library Loan Service) :YES

4.3.2 Detail on the computer and internet facility made available to the faculty and students on the campus and off-campus?

- The college has a central computer laboratory which is equipped with internet facility.
- The internet lab is facilitated with AIRTEL leased line connectivity of 10 MBPS speed.
- All the departments, office and library are provided with internet connection through Wi-Fi Modem. Teachers use it to a considerable extent during college hours.
- Office Management Software is used to assist the administrative work of the office.
- The Principal's chamber is equipped with computers, printers, photocopier, internet facilities, public addressing system and CCTV camera.

4.3.3 What are the institutional plans and strategies for deploying and upgrading the IT infrastructure and associated facilities?

The plans and strategies of the institution:

- To install more computers, laptops and internet connections to upgrade the IT infrastructure.
- To train the staff to cope with the developments in the information technology related activities.
- The computers, software and the hardware are upgraded regularly as per the requirements made by the syllabus and curriculum.
- Increasing the number of ICT enabled class rooms.

4.3.4 Provide details on the Provision made in the annual budget for procurement, upgrading, deployment and maintenance of the computers and their accessories in the institution(year wise for last four years)

Type of Expenditure	2010-2011	2011-2012	2012-2013	2013-2014	2014-2015	2015-2016

4.3.5 How does the institution facilities extensive use of ICT resources including development and use of computer – aided teaching / learning materials by its staff and students?

- The college facilitates ICT resources along with the traditional teaching method for teaching and learning. The teachers are encouraged to access the ICT resources for enriching their prescribed curriculum with the help of internet.
- The faculty members are utilizing the modern equipments available in the college such as LCD, CDs, DVDs and audio video aids for effective teaching.
- The institution has a Language Laboratory which is used by the students to improve their language skills.

4.3.6 Elaborate giving suitable example on how the learning activities and technologies deployed (access to on – line teaching – learning resources, independent learning, ICT enabled classrooms / learning spaces etc.) by the institution place the student at the centre of teaching – learning process and render the role of a facilitator for the teacher.

- The college is still in the process of transition from traditional methods of learning to ICT enabled teaching learning system.
- Since the students learning is the centre of everything, the college takes effective measures to impart quality based education by conducting Workshops, Seminars and Training Programmes for the teachers to cope with the recent technologies.
- To illustrate, the students exhibit their talents in ICT by preparing Power Point Presentations, animated movies, regarding the current affairs/happenings in the weekly assembly.

4.3.7 Does the Institution avail of the National Knowledge Network connectivity directly or through the affiliating university? If so, what are the services availed of?

- INFLIBNET
- American Library
- ACM Digital Library
- DELNET

4.4 MAINTENANCE OF CAMPUS FACILITIES

4.4.1 How does the institution ensure optimal allocation and utilization of the available financial resources for maintenance and up keep of the following facilities (substantiate your statements by providing of budget allocated during last four years)?

The Principal and Management Committee of the College prepare the budget and release adequate funds every year. The Committee comprising Management Members, Principal, and all the Heads of the Departments, discuss the budget allotment and allocate the budget at the beginning of the academic year for the maintenance of the facilities. The Committee convenes general review meetings for optimal utilization of the available financial resources. As per the need, the available amount is used to develop the facilities, infrastructure and maintenance. The college distributes budget to various committees/clubs and departments. The equipments are purchased to ensure optimal utilization.

The amount spent on different budgets for the last six years is given below:

Sl. No.	Facilities	Amount spent					
		2010-2011	2011-2012	2012-2013	2013-2014	2014-15	2015-16

4.4.2 What are the institution mechanisms for maintenance and upkeep of the infrastructure, facilities and equipment of the college?

- Every academic year, periodic service is done for the lab equipment.
- Lab assistants supervise and maintain the equipments of UG & PG laboratories.
- Contingent staff look after the lab cleanliness regularly.
- Stock verification is carried out at the end of every academic year.

- Floor in charges regularly monitor the damage, repair, requirements & hygiene of the respective floors.
- To ensure campus cleanliness part and full time scavengers, sweepers and contingent staff members are appointed.
- The equipments in the lab are periodically upgraded.
- Condemned equipments are properly disposed.

4.4.3 How and with what frequency does the institute take up calibration and other precision measures for the equipment / instruments?

To maintain the standard of the equipments/ instruments,

- The college uses outsourcing for maintaining infrastructure and equipments.
- The services of construction, electricity, carpentry and plumbing are sought when required.
- In-station technicians are available in the campus.

4.4.4 What are the major steps taken for location upkeep and maintenance of sensitive equipment (voltage fluctuations constant supply of water etc)?

- The college has installed 3 generators, two in college (180KVA & 240KVA) and one in hostel (125KVA) to overcome the shortage of power.
- The arrangements of battery backups and inverters protect the computers and other gadgets from voltage fluctuations.
- Provision of overhead water tanks of ample capacity has been made. The underground water storage with the corporation water connections is sufficient for continuous water supply.
- The RO WATER PLANT provides purified drinking water.

Any other relevant information regarding Infrastructure and Learning Resources which the college would like to include.

- Mushroom Cultivation Unit in the hostel campus harvests edible mushroom.
- Azolla Cultivation Unit in the hostel premises strengthens entrepreneur development.
- Each department has individual library with adequate books for the reference of students.

Criterion VI

Governance, Leadership & Management

Criterion - VI

Governance, Leadership and Management

6.1 INSTITUTIONAL VISION AND LEADERSHIP

6.1.1 State the vision and mission of the Institution and enumerate on how the mission statement defines the institution's distinctive characteristics in terms of addressing the needs of the society, the students it seeks to serve, institution's traditions and value orientations, vision for the future, etc.?

VISION

The vision of the institution is to promote academic excellence, inculcate qualities of competence, confidence and excellence for employability and developing self reliant individuals endowed with skilled man power.

MISSION

- To impart higher education to women students from the local and rural areas especially the first generation learners.
- To inculcate knowledge of higher order and to instil in the students a scientific approach to information technology.
- To make our wards aware of entrepreneurial development.
- To impart skills to the levels of excellence and thus present the value system in the youth entrusted to us.

This institution is the first self financing college in the state of Tamilnadu. The institution concentrates on the enrolment of students, especially the first generation learners. For this the institution provides varied number of courses, demand based approved additional sections, ambient atmosphere both in the college and in the hostel and also provides adequate transport facilities. This is reflected by a good number of students from local and rural areas who are first generation learners and also who are first to enter collegiate education in Under Graduate, Post Graduate, M.Phil and Ph.D levels.

Adequate computer-aided learning facilities are provided and they are motivated to make use of these facilities. Well scheduled compulsory internet facilities, technologically upgraded library, spacious class rooms, well equipped lab facilities are available to the students.

The institution has an actively functioning Entrepreneurial Development Cell to make the wards aware of the need for entrepreneurial development. The student's clubs organizes various participatory activities to develop entrepreneurial skills and other activities to empower the students to fit in with the globalization and to face the imminent challenges of competitiveness and development and to serve the society and nation.

6.1.2 What is the role of Top Management, Principal and Faculty in design and implementation of its quality policy and plans?

The Management is a role model management where the members render free service to the institution. They strive to bring in to practice the vision and mission of the institution in coordination with the Principal and the faculty. The management with a good organizational structure of administrative bodies like College Governing Council and Hostel Committee with their elected President, Secretary and Treasurer shoulders the responsibility of the whole institute. It is involved in participatory decision making and implementation of the various activities of the institution like uplift of women through quality education, establishment of high tech infrastructure, planning, allocation and control of budget, framing of rules and monitoring in creating student friendly atmosphere. As the head of the academic body, the Principal is bestowed with the authority to bring in to practice the quality plans and policies. The principal is deeply involved in the day to day activities and in making long term developmental plans for the institution through academic and non academic staff councils. Staff members at various levels are assigned various roles and are included in taking the institution further ahead.

6.1.3 What is the involvement of the leadership in ensuring?

- Policy statement and action plans for fulfilment of the stated mission.
- Formulation of action plans for all operations and incorporation of the same into institutional strategic plan.
- Interaction with stake holders.
- Proper support for policy and planning through need analysis, research inputs and consultations with the stake holders.
- Reinforcing the culture of excellence.
- Champion organizational change.

The leadership, both the administrative and the academic, acknowledging their responsibility towards fulfilment of the stated mission organizes frequent meetings and discussions pertaining to infrastructure, facilities, faculty, students and finance

and decides on the needs and its operational plans. Major decisions are made in these meetings.

Actions plan for academic, cocurricular, extracurricular, extension activities are formulated at the beginning and at the end of the academic year between the semesters involving the four level hierarchy system of Management, Principal, staff and students. Then responsibilities are delegated to various committees and is monitored and controlled by academic leadership. The annual report of each committee is submitted at the end of each academic year.

Interaction between the Management, Principal, the Heads of various departments who are the academic staff council members, staff in charge of various clubs and various activities and responsibilities, Internal and External IQAC Members, Student Representatives and other students is through formal and informal meetings.

Feed back and suggestions from the student, faculty, academic council members and the observations of the Principal are represented to the Management. It is then analyzed by the committee in the Management and action plans are formulated and is supported by the leadership.

Excellence is needed for the benefit of the students and society. Hence the leadership strives for an efficient and technologically advanced atmosphere in the institution. The leadership organizes periodical meetings and brings positive changes through skill development trainings. Thus it champions organizational change.

6.1.4 What are the procedures adopted by the institution to monitor and evaluate policies and plans of the institution for effective implementation and improvement from time to time?

The Management comprising the elected members of the higher governing bodies of Reddy Educational Trust, College Governing Council and Hostel Committee hold regular meetings for academic and administrative qualities in which different issues are discussed and decision for plans and implementation are taken. The institution monitors and evaluates these policies and plans for improvement from time to time by the management discussing the academic and administrative policies with the Principal. The Principal in turn implements and entrusts responsibilities to Vice-Principals, the Academic Staff Council members, IQAC coordinator and faculty in-charges of various departmental clubs and cells, class in-charges, students union office bearers and college office, after convening regular meetings throughout the year

- ❖ To prepare budget and financial statement
- ❖ To make improvements in teaching and learning process
- ❖ To improve infrastructure facilities in the college and towards staff, student and community welfare

6.1.5 Give details of the academic leadership provided to the faculty by the top management?

The top Management is highly organized, transparent and easily approachable. The Management has provided academic leadership and authority to the Principal who in turn delegates duties and responsibilities to Vice Principals, Heads of the Departments and to the other Staff. They are all involved in the day to day activities of the college. The Calendar Committee headed by the Principal is responsible for framing a schedule of working days and holidays within the University and Government's frame work of working days and holidays.

6.1.6 How does the college groom leadership at various levels?

For grooming leadership at various levels Faculty Development Programmes, Workshops on Capacity Building, Guest Lectures and Counselling Sessions are organized through college and departmental associations. Through these staff, the students are trained to become good leaders. The college also grooms leadership by providing roles like faculty in charges and student president, secretary, treasurer in the various college associations and clubs. The college associations and clubs are NSS, NCC, Fine Arts, Rotaract Club, Leo Club, Exnora Club, Blood Donor's Club, Gender Club, Red Ribbon Club, Cauvery College Past Student Association (CAPSA), Placement Cell, Diet Counselling Cell and Athletic Association.

6.1.7 How does the college delegate authority and provide operational autonomy to the departments / units of the institution and work towards decentralized governance system?

The college delegates authority and provides operational autonomy through the Principal to the Departments, Library, College Office, College Clubs, Departmental Clubs, Students Union and College Hostel. The college affords academic and administrative autonomy in distribution of workload, departmental activities, club activities, in conducting Departmental Tests, Organizing Competitions, Lectures, Seminars, Workshops, Skill Development Training Programmes .It gives autonomy in organizing and participating Interdepartmental, Intra and Intercollegiate, State and National Level Competitions. Autonomy is also provided to all the departments and clubs to plan budget and expenditure.

In each of the 14 departments in the college, the head of the department works in coordination and support of their faculty. The class in-charges are supported by the student representatives. They work in unison for efficient functioning of the department and college. Likewise each club has a faculty in-charge and elected student representatives who actively participate in organizing activities and its maintenance.

Regarding the office, it is supported by the office manager and the non – teaching staff. In the library, the librarian is supported by the library staff and library advisory committee.

6.1.8 Does the college promote a culture of participative management? If 'yes', indicate the levels of participative management.

Yes, The college promotes participative management.

In order to promote the culture of participative management, special attempts are made to include all factors working in the institute right from menial staff to top management. The levels of participative management includes the president, Secretary and Treasurer of the College Governing Council, the Principal, Vice Principals, Heads of the Departments, Teaching and Non-teaching Staff, Student Council Members, Class Representatives and Association Student Representatives.

The Management meets the faculty formally through general staff meeting held at the end of the academic year and meets the Head of the Departments in budget planning meeting at the beginning of the financial year. When need arises formally and informally meetings of general staff or specific group will be held. In these meetings feed back and suggestions are received for devising future plans for the institution.

6.2 STRATEGY DEVELOPMENT AND DEPLOYMENT

6.2.1 Does the Institution have a formally stated quality policy? How is it developed, driven, deployed and reviewed?

Yes, the institution has a formally stated quality policy. It is reflected in the goal and mission of the institution. The quality policy was developed from the thought of the 48 visionaries, the management of the institution to uplift women through quality education. It is driven by providing adequate support in monetary terms of good infrastructure and facilities, for teaching and learning and for personal and community development. It is deployed through academic programmes, cocurricular activities, by providing academic, exposure, guidance, competitions, sports and games, NSS and NCC.

The institution takes a review of its performance taking into consideration the results of the University examinations in terms of pass percentage, University rank holders, achievers in terms of cocurricular, extracurricular competitions, social activities and in job placements.

6.2.2 Does the Institute have a perspective plan for development? If so, give the aspects considered for inclusion in the plan.

Yes, the institution has a perspective plan for development. The institution has completed 30 years of its existence. During all these years the institute has made remarkable strides towards its goal and mission. This has been possible by taking the rightful decisions for development at different points of time and efforts are even today on to maintain its steady progress. As per the demands and requirements of the present globalized world adequate and necessary changes in the infrastructural facilities have been made. The aspects considered for inclusion in the plan is academic excellence, employability and self reliance.

- Leo club provides free meals for the needy students. Study materials and dress materials are also provided to students.
- WINgs (Fine Arts Club) cultural extravaganza comprising 31 events among seven departments are conducted within a span of 20 days. These events are conducted to bring out the inbuilt talents of the students in various fields like art, theatre, dance, music and literary. With the financial support from the management the competitions are successfully organized every year. These Interdepartmental competitions help them in winning laurels at the University level.
- Sports events comprising 16 events under three categories like athletics, indoor and outdoor are conducted every year. Free education is offered under sports quota. Food and accommodation is provided to sports students at the time of practice.

Evidence of Success:

- Many students have been well placed in reputed companies like cap Gemini, CTS, WIPRO, HCL and TCS.
- Feedback from stakeholders.
- In the past few years our students have showed good growth by portraying themselves as par excellence in terms of academic and cultural activities. We have won several laurels and awards during these years irrespective of the discipline and the place we go, success always seems to lay siege over our students and the institution as the saying goes - "Success favours the prepared minds".

- Won Overall Championship for three consecutive years at University level, 'Earam' and 'Classic Fest'.
- Best Self Financing College award.
- Secured University ranks and scored 90-100% result in University examination.
- Language lab and library have helped average students and first generation learners to cope with the curriculum.

Problem Encountered and Research Required

- Motivating students to crack the shell and spread their wings needs strenuous efforts and constant monitoring.
- Coping of students with the background of vernacular language on par with students from schools with the medium of instruction in English is challenging and requires meticulous training.

In spite of these difficulties, sufficient effort and work is put with commitment to yield a positive impact.

EMPLOYEE WELFARE SCHEMES

Objective

- To provide better life and health to workers.
- To make them happy and satisfied.
- To relieve workers from fatigue and to improve intellectual, cultural and material condition of living of the workers.

Context

The institution provides welfare facilities to the employees to keep their motivation level high. Apart from the statutory schemes, the institution strives to provide non-statutory benefits to enable the person employed to perform their work in a healthy, harmonious surrounding conducive to good health and high morale. The institution has always considered the well being of its employees as a matter of great importance and promotes several policies and amenities that are designed to create a caring and supportive working environmental for its staff. The main priority shall be to create a bond of solidarity and a spirit of satisfaction amongst the staff, which in turn enhances the quality of education imparted in the institute.

Criterion - VII

Practice

- Staff welfare fund was started in 2002 with Rs. 1,00,000 management contribution. Staff contribute Rs. 1,000/- and can obtain interest free loan up to Rs. 5,000/-.
- Non-teaching staff can borrow interest free advance amount of maximum Rs. 20,000 and repay in 10 months instalments.
- 100% Deepavali bonus for teaching and non-teaching.
- To facilitate purchase of essential commodities a sale by Self Help Group has been arranged. During festive season, sale by khadi cooperative society is entertained.
- Free transportation facilities are provided to non-teaching. 50% fee concession is offered towards of non-teaching staff.
- Drivers are given free food and uniform.
- Health Awareness Programmes like yoga are being organised.
- Creates opportunities to undertake health check up at concessional rates like ESI, Master Health Check up, Mammogram.
- Group insurance scheme for staff and students, gratuity, EPF, pension scheme for teaching and non-teaching.
- Staff pursuing Ph.D is allowed to utilise the resources available in the institution.
- On-Duty to faculty members for presenting research paper in conferences.
- Free accommodation for teaching faculty in the hostel.
- Employees can avail themselves of 12 days of casual leave, 12 days of medical leave and 3 months of maternity leave with pay.

Evidences of Success:

- It is found to enhance both organisational performance and the quality of working life.
- Employees utilise interest free loan from Staff Welfare Fund which has rendered a timely help.
- Self Help Group have gained prominence and a sort of mutual benefit is observed.

Innovations & Best Practices

- Faculty members act as research supervisors for research scholars.
- Publications of faculty members in national and international journals with impact factor.
- Increase in the number of qualified staff with NET/SET/PhD.

Problem encountered and resource required:

Timely repayment of funds needs to be monitored and resolved. Limitation in funds restricts allocation of loan to persons in need when the demand exceeds a critical limit.

33. Teaching methods adopted to improve student learning

Several initiatives are taken by the college and teaching faculty for effective delivery of the curriculum. Apart from the traditional talk and chalk method, the faculty is also being trained to make them familiar with the use of computers so that the modern technological resources like internets, projectors, OHP's etc. could be used to supplement their classroom lectures. Teachers are encouraged to enlighten the students through innovative teaching methods such as presentations, assignments, discussions, workshops, seminars and computer education.

34. Participation in Institutional Social Responsibility(ISR) and Extension Activities

Institutional Responsibilities:

Name of the Faculty	ISR Extension Activity	Duration
Dr Sinthu Janita Prakash	IQAC Coordinator	2009-2011
Ms R Merlin Packiam	Placement Officer	2009-2016
Ms A Sahaya Jenitha	NSS Coordinator Cultural Coordinator	2009-2016 2009-2016

35. SWOC analysis of the department and Future plans

Strength

- Research Department with 6 research supervisors
- Experienced and qualified staff
- Student strength and good student teacher ratio
- Excellent pass percentage and university ranks

Evaluative Report of the Departments

- Campus Placements
- State of the art and sufficient infrastructure
- Certificate Courses conducted in linkage with the industry
- UGC sponsored Career Oriented Course

Weakness

- Lack of Consultancy services
- Many faculty yet to pursue PhD
- Less number of faculty involved in publications

Opportunities

- Effective supervised industry internship program
- Continuous faculty development initiatives to augment the skills and knowledge of the faculty members
- Efficient utilization of on-campus services to avail externally funded projects and consultancies

Challenges

- Lack of research supervisors for the faculty to pursue PhD.
- There is a constant need to upgrade oneself, in order to keep abreast with industry needs and deliver knowledge to the students
- To motivate students' interest in the subject and encourage them to go beyond the syllabus thus upgrading themselves to the requirements of the industry

Future Plans

- To adopt e-learning
- To organize National and International level seminars/workshops/conferences
- Networking with peer group institutions
- Active role in providing IT solutions for socio-economic development of the surrounding region.
- To promote faculty as research guide.

33. Teaching methods adopted to improve student learning

Other than Chalk and Talk method, our department adopts

- Visually aided teaching using LCD, OHPs
- Hands on training through Workshops
- Brain storming sessions like Quiz and Group Discussions
- Lectures from eminent faculties
- Live demonstrations
- Seminars and Assignments

34. Participation in Institution Social Responsibility (ISR) and Extension activities: **Nil**

35. SWOC analysis of the department and future plans

Strength

- Students strength
- Experienced and qualified faculty
- Good student teacher ratio
- Good Pass percentage
- Sufficient and advanced infrastructure
- Good Library facility
- On/Off Campus recruitments
- Internet facilities for students and staff
- Wi-fi enabled department
- UGC sponsored Career Oriented Program
- Certificate courses conducted in linkage with industries
- Four research advisors for M.Phil Computer Science

Weakness

- Minimum number of research scholars, publications
- Not undertaken UGC minor and major projects
- Earn while learn for students is to be improved
- Improvement in Co-curricular activities
- No consultancy services

Opportunities

- Special entrepreneurship and self-employment programmes can be conducted
- MOU's can be signed with industries for consultancy

Challenges

- Placement opportunities for students
- Research oriented education
- To face competitive examinations

Future plans

- To strengthen job opportunities
- To extend consultancy services
- To make faculty members fully qualified (Phd/NET/SET)
- Imparting computer knowledge for the disadvantaged in the society
- To adopt earn while learn system

33. Teaching methods adopted to improve student learning

- Chalk and Talk method
- LCD
- OHP
- Seminars
- Assignments
- E-Assignments
- Online resource gathering
- Projects

34. Participation in Institutional Social Responsibility (ISR) and Extension activities : NIL

35. SWOC analysis of the department and Future plans

Strengths

- Results for both U.G. and P.G above 95%.
- Ranks for the past five years.
- Well equipped Labs with 115 systems with high configuration.
- Certificate course and placement offers for the students.
- Qualified Facilities with good teacher student ratio.
- Tutor wards system for the betterment of students.

Weakness

- Less Publication of journals.
- Minor and major research project is not available.
- Lack of Ph.D faculty.
- Less faculty member to clear NET or SET.

Opportunities

- Faculty can be motivated for major and minor projects.
- Plan to conduct National and International conference.
- To motivated the students for competitive exam.

Evaluative Report of the Departments

Challenges

- Lack of research supervisors.
- To give more employment opportunities for first generation learner.

Future Plans

- To apply for UGC and national funding research projects.
- The Institution is planning to promote Research Aptitude among Faculties and PG Students.
- Encouraging Staffs and Students to publish articles in Journals and Conferences .
- Motivating the staffs to apply for Major and Minor UGC Research Projects.

34. Participation in Institutional Social Responsibility (ISR) and Extension activities **Nil**

35. SWOC analysis of the department and Future plans

Strengths:

- Motivating the students in positive direction.
- Able to give pictorial representation for abstract papers also.
- Good in Research aspects.
- Quantitative Aptitude class for inter disciplinary course.

Weakness:

- Students at inter disciplinary courses at entry level are weak in Mathematics.
- Students find it difficult to communicate in English due to bashfulness although they are strong in Mathematics.
- Not undertaken UGC Minor & Major projects.

Opportunities:

- Permit staff to pursue Research.
- Providing Coaching Classes for NET/SET & Competitive Exam.

Future Plans:

- To conduct Inter National Level Seminar.
- To conduct awareness program on health and global issues.
- To make faculty members fully qualified.

Evaluative Report of the Departments

34. Participation in Institutional Social Responsibility (ISR) and Extension activities **Nil**

35. SWOC analysis of the department and Future plans Strengths

Strength

- ❖ Competent and committed faculty and enthusiastic students.
- ❖ Healthy student teacher ratio.
- ❖ Well equipped laboratories and research lab.
- ❖ Admirable co-operative attitude of the students.
- ❖ Active student participation in co-curricular and extracurricular activities.
- ❖ Motivation towards research thrust among students and staff.
- ❖ More numbers of publications in reputed National and International Journals.
- ❖ Producing more numbers of rank holders in every Academic year.

Weakness

- ❖ Students are mostly economically unsound.
- ❖ Lack of industrial collaboration.
- ❖ Students belong to semi-urban/rural background, communication has become fairly a hindrance.

Opportunities

- ❖ Students are encouraged to qualify examination like GATE, JEST, CSIR-NET.
- ❖ Motivated to participate in various intercollegiate competitions.
- ❖ Encouraged to take up higher educations within the state and outside the state for taking civil/administrative service studies.
- ❖ Provided a carrier oriented programmes to impart the students with new skills of entrepreneurship.
- ❖ Faculty members are motivated to participate in refresher/orientation courses.
- ❖ Encouraged to present/publish papers in regional/national/international journals and seminars.

Challenges

- ❖ Keeping the students focused for taking up higher studies.
- ❖ Imparting the students knowledge beyond their syllabus.
- ❖ Promoting culture and value based education.

Evaluative Report of the Departments

Future Plans

- ❖ To establish a well advanced research lab for collaborative programme.
- ❖ To introduce the Diploma course & M.Phil., Programme.
- ❖ To promote as research Department.
- ❖ To convert all P.G Class rooms into smart class rooms.
- ❖ To subscribe, additional research journals in the library.
- ❖ To conduct international conferences and workshops with various funding agencies.
- ❖ To publish more number of books.
- ❖ To increase the pass percentage of the students in NET/SLET and other Competitive Examinations.

Evaluative Report of the Departments

33. Teaching methods adopted to improve student learning

- More number of test for slow learners.
- Seminar and Assignment for all category of students

34. Participation in Institution Social Responsibility (ISR) and Extension activities

- ❖ Students are enthusiastically participated in NSS, Rotract and Leo Club activities.

35. SWOC analysis of the department and future plans

Strength

- ❖ Highly dedicated faculty members
- ❖ Well equipped laboratories
- ❖ ICT facility for teaching
- ❖ Library with 891 text books with three periodical journals
- ❖ Implementation of eco friendly Green techniques in practical
- ❖ Poor students are given financial support through capsa

Weakness

- ❖ Need more attention to train the students for career oriented programmes

Opportunities

- ❖ Good number of opportunities for students to enrich their knowledge through special invited lectures, seminar and assignment
- ❖ More opportunities for competitive examination
- ❖ Students are motivated to participate in intercollegiate competitions
- ❖ Students join reputed institution for higher education's (M.Sc., and B.Ed.,)

Challenges

- ❖ Socio –Economic conditions becomes a challenge for the students to complete the course
- ❖ Creating career opportunities through Campus recruitment
- ❖ Competitive entrepreneur

Future plan

- ❖ Planning to conduct international conferences
- ❖ Collaboration with industry
- ❖ Making the department a flourished research centre

35. SWOC analysis of the department and Future plans

Strength:

- ✓ Successful completion of **Three** Minor Research Projects
- ✓ Peer review recommended Major Research Project
- ✓ Excellent infra-structure
- ✓ Well-equipped laboratories and library facilities
- ✓ Experienced and qualified staff members
- ✓ 03 research supervisors
- ✓ 100% result
- ✓ University Ranks
- ✓ On and Off campus placements
- ✓ Student Teacher Ratio
- ✓ Student projects in reputed institution
- ✓ Diploma courses-DMLT in collaboration with Apgar Institute of Paramedical Science, Kolkata
- ✓ Entrepreneurial Certificate Course-Mushroom cultivation
- ✓ Commentable staff -student Paper publications and presentation
- ✓ Hands on training programmes
- ✓ LCD and E-learning

Evaluative Report of the Departments

Area to be improved:

- ✓ Communication skill of the students at the initial stages
- ✓ Staff and students exchange programmes with other Universities
- ✓ Ratio of students from rural background is quite high

Opportunities:

- ✓ Research collaboration with other Universities
- ✓ Resources upgradation

Challenges:

- ✓ Major Research Projects have to be applied
- ✓ Enhancement of advanced teaching skills
- ✓ Seminars, Symposia and Conferences have to be conducted periodically
- ✓ To offer Professional Training and Research Programmes
- ✓ Global Staff and Student Exchange Programmes
- ✓ Papers to be published in Journals with good Impact Factor, Scopex Index
- ✓ Organize Career Oriented Courses to improve Campus Recruitment

35. SWOC analysis of the department and Future plans

Strength

- Organizing collaborative workshops and seminars with national scientific organization at regular forum with financial aid from funding agencies.
- Counseling the students through tutor ward system.
- Good spacious laboratory with advanced technical instruments are provided
- Well Centralized library with inflibnet facility.
- Highly equipped computer lab with internet facility
- Students are motivated both academically and personally.
- Dedicated & Efficient staff members.

Evaluative Report of the Departments

- Modernized practical sessions.

Weakness

- Need more attention in career guidance for students in the field of biotechnology.

Opportunity

- Good number of opportunities in both academic as well as non academic fields
- Students are encouraged to participate in workshops.
- Students are allowed to take part in intercollegiate competitions.
- Improving the students practical skills by conducting scientific based training programmes for them.
- Allowing the students for winter or summer training to various institutions.
- Encouraging them to take up additional courses like DMLT /Mushroom technology.

Challenges

- Creating career opportunities by arranging campus interview
- Students are given hands-on experiences inside the laboratory.

Future plans

- Establishment of PG programme
- Collaboration with Industries, institutes both nationally and internationally.
- To organize more workshops, seminars and conference
- To invite eminent personalities to the department
- To take them for industrial visits.

Section-II Criterion Wise Analysis	
2.1 Curricular Aspects:	
2.1.1 Curricular Design & Development	<ul style="list-style-type: none"> ○ Being an affiliated college, it follows the curricular design of the UG, PG, M.Phil and Ph.D., programmes and courses of Bharathidasan University. All PG and UG programmes are on semester system with Choice Based Credit Systems, introduced by parent University since 2006 - 2007. ○ The Choice Based Credit System allows the students to pursue courses comprising Core, Special and Allied Subjects, apart from components on soft skills, value education and add-on courses. The allied subjects can be chosen across the various faculties. ○ The curricular design and development are in tune with the institutional vision and mission.
2.1.2 Academic Flexibility	<ul style="list-style-type: none"> ○ The institution is having 5 UG and 4 PG, M.Phil and Ph.D., programmes under three facilities, viz Arts, Science and Commerce. There is flexibility for a student to pursue UG and PG programmes in 14 subjects. Maximum flexibility is available in Science Faculty for basic, applied and professional subjects in the field of IT, BT and also Commerce. ○ Choice Based Credit System also allows flexibility for a student to study interdisciplinary / elective subjects of their choice. ○ Introduction of new course (6 UG, 3 PG, 3 M.Phil, 1 Ph.D) during the last five years has enhanced flexibility. The demand to IT, BT, SW, Management and Commerce courses are commendable.
2.1.3 Feed back on Curricular	<ul style="list-style-type: none"> ○ The institution has a formal mechanism of obtaining students feedback on curriculum and other aspects. ○ The feedback of parents and alumni is on informal basis. ○ There is a mechanism for analysis of feedback and the compliance of its outcome for quality improvement.
2.1.4 Curriculum Update	<ul style="list-style-type: none"> ○ There is a regular updating of syllabi of all the courses by the parent university, since the introduction of semester and Choice Based

Cauvery College for Women, Tiruchirapalli, Tamilnadu.

	<p>Credit System.</p> <ul style="list-style-type: none"> ○ The introduction of Choice Based Credit System has helped in curricular update both from the point of flexibility and also from the point of Core, Special or Allied / Elective Subjects. ○ 13 Senior Faculty have contributed for the development and updating of curriculum as member of Boards of Studies of parent University and neighbouring institutions.
2.1.5 Best Practices in Curricular Aspects(if any)	<ul style="list-style-type: none"> ○ Introduction of Choice Based Credit System at UG and PG level. ○ Academic flexibility in all the three faculties, especially in computers and science subjects and Commerce. ○ Computer training included as part of curriculum in all subjects
2.2 Teaching-Learning & Evaluation	
2.2.1 Admission Process and Student Profile	<ul style="list-style-type: none"> ○ The institution gives wide publicity of admission process through news papers, notification, website and the courses offered, fee structure, support and other facilities. There is good demand for Commerce, Management, Computers and Biotechnology related courses. ○ Being an institution of self-financing scheme, the college is not bound by the reservation policy of the state. Yet the student profile indicates fair representation of students belonging to OBC / BCs and marginalized sections of society. ○ Admission process is transparent merit based and has social acceptability due to uniform fixed fee structure, without any hidden cost.
2.2.2 Catering to the Diverse Needs	<ul style="list-style-type: none"> ○ Majority of students admitted to the courses are in the group of Second class or higher second class at +2 level. Hence the college has initiated remedial coaching classes for slow learners. ○ The UGC sponsored Language Laboratory facility (the college has received from UGC Rs.7.25 lakhs) is being used to enhance the communication skills and spoken English language. ○ The tutor ward system has helped in addressing the issues of slow learners of rural areas / first generation students. The programmes on personality development and motivation / self esteem has helped the students to update their

NCC Tick Wala

	<p>learning skills and performance.</p> <ul style="list-style-type: none"> ○ The college has received Rs.5.00 lakhs from the scheme of Higher Education for Persons with Special Needs (HEPSN).
2.2.3 Teaching Learning Process	<ul style="list-style-type: none"> ○ There are systematic approaches to academic calendar and teaching plan. Chalk and talk methods are being supplemented by the diverse methods like special lectures, group discussions, field visits and quiz programmes. ICT tools are being used in teaching-learning. ○ CBCS has helped in the introduction of learning activities through assignments, seminars, practical work, project work for students. ○ There is scope to enhance ICT enabled teaching learning activities especially at PG level.
2.2.4 Teacher Quality	<ul style="list-style-type: none"> ○ There are 171 regular teachers, all women appointed by the management of whom 20 have Ph.D., and 133 have M.Phil to their credit. 47 teachers are pursuing Ph.D.,. The Management has appointed faculty as per the requirement of workload. ○ Staff members are encouraged to pursue Ph.D., M.Phil concurrently with their work. The awardees are financially rewarded. ○ Rate of Attrition of faculty positions has to be addressed on priority. Although 23 teachers working at college during the last 5 years obtained Ph.D., 15 of them left the institution (to join Government Institutions on state level recruitment) necessitating the recruitment of fresh teachers. Faculty Development Programmes are arranged periodically for the enhancement of teaching learning process. 3 International and 9 National level seminars have been organized during the last 5 years. Large number of teachers have participated in seminars, workshops refresher courses etc.
2.2.5 Evaluation Process and Reforms	<ul style="list-style-type: none"> ○ CIA- Continuous Internal Assessment (25 % for theory and 40 % practical) is in place. It includes a test, an assignment, a seminar presentation and attendance. It also has mid semester preparatory examination and semester end examination. ○ Being an affiliated college, it follows all the norms, calendar and events and processes of Parent University while conducting examination.

NCCF Tekwale

	<p>University central valuation is in place for theory courses (single valuation, coding and scope for revaluation.)</p> <ul style="list-style-type: none"> ○ There is scope for online examinations through MCQ and automatic evaluation to start with for CIA.
2.2.6 Best Practices in Teaching Learning and Evaluation	<ul style="list-style-type: none"> ○ Admission to deserving students from marginalized sections of society. ○ Encouragement to teachers to pursue M.Phil and Ph.D., apart from deputation to participate in National and International Seminars. ○ Continuous Internal assessment of students through tests, assignment and seminars.
2.3 Research Consultancy & Extension	
2.3.1 Promotion of Research	<ul style="list-style-type: none"> ○ The teachers takes initiatives in pursuing research leading to Ph.D., and M.Phil. The management provides support and basic research facilities. However they are constrained from the point of promoting research projects due to non-availability of research fund from UGC, DST etc. ○ There is scope to mobilize resources from Industry, Government and NGOs to undertake sponsored research schemes. ○ The management may provide seed money to select departments to promote research culture.
2.3.2 Research and Publication Output	<ul style="list-style-type: none"> ○ All 171 staff together have 71 publications in refereed journals apart from around 250 publications in non-referred journals and 20 books. The 5 staff members of the department of Physics and a staff each from the department of Computer Science and Microbiology have 19 publications in journals with good impact factors (0.3 to 4.25). The college has started a multi faculty biannual refereed journal viz Cauvery Research Journal (ISSN No.0975- 1300) since 2009. ○ There are no major and minor projects in the college. There are recognized Guides for Ph.D., and M.Phil. So far 129 students have been awarded with M.Phil Degree and 2 have completed Ph.D. ○ There is a scope to undertake research work in view of the 9 PG programmes, 3 M.Phil Programmes and 1 Ph.D., programme. Despite

	<p>these constraints, the college has organized 3 International and 9 National conference / symposium / Seminars during the last 5 year s.</p>
2.3.3 Consultancy	<ul style="list-style-type: none"> o The teachers render honoury consultancy services to Government and NGOs. o There is scope for enhancing the consultancy services and generate resources.
2.3.4 Extension activities	<ul style="list-style-type: none"> o The extension activities are effectively carried out by 500 volunteers of 5 NSS units and NCC Cadets. Around 5 villages were adopted to carryout community oriented activities with a tie-up with NGOs and Governments. The Department of Social Work also has carried out good extension activity. o The NSS unit have organized a National Integration Camp in 2009 where in volunteers of 7 states participated. o The NSS volunteers and NCC Cadets have participated in National Integration Camps and RD Parades. Four Volunteers at University level three volunteers at State level and two Volunteers at National level have won the Best NSS Volunteer Awards. Two teachers have received Best Programme Offices Award at University / State as well as National Level.
2.3.5 Collaborations	<ul style="list-style-type: none"> o The institution has MoU with UMEA University, Sweden for Student-Teacher Exchange (at the Department of Social Work) since 2005, effective till 2012, entire cost being borne by SIDA – Swedish International Development Agency (Swedish South Asian Students Net Work). o The Department of Social Work and NSS Units have linkage with more than 20 NGOs and District as well as State Government Departments in order to effectively carry out community development activities and adoption of villages. o The college recently entered in to MoUs with TIDISSIA / Shalome Infotech and Raffles Academy Singapore for students training and development. There is scope for industrial linkage to promote research projects.
2.3.6 Best Practices in Research Consultancy and Extension	<ul style="list-style-type: none"> o MoU with a Foreign University for student-Staff Exchange, MoUs with NGOs for community

	<ul style="list-style-type: none"> development activity. o Effective extension activity of NSS and awards and rewards (University State and National) to NSS Volunteers and Officers. o Publication of an in-house multi faculty biannual refereed journal.
2.4 Infrastructure and Learning Resources	
2.4.1 Physical Facilities	<ul style="list-style-type: none"> o The college is situated in the heart of the City, spreading across 5.38 acres of land with 4 building blocks (all 3 storied) based on a master plan. The building are spacious well ventilated, with well furnished laboratories, class rooms apart from office and staff rooms. o The college has added 16 class rooms, 2 medium size Seminar Halls, one large Seminar Hall (A/C), two laboratories, to commemorate the Silver Jubilee Celebrations. A gigantic auditorium of 3000 seating capacity worth Rs.3.0 crores has been constructed to commemorate Silver Jubilee Celebration. o A sophisticated Indoor Badminton Stadium with Wooden Floor (worth Rs.15.0 lakhs) has been made available since 2007-2008, said to be the first among colleges in the City, being used by parent University and other organizations.
2.4.2 Maintenance of Infrastructure	<ul style="list-style-type: none"> o The management provides adequate budget provisions for the proper maintenance of infrastructure. o The management has appointed supporting technical staff to maintain infrastructure and equipments. o The college has received UGC Grant of Rs.5.0 lakhs towards maintenance of equipments of the College (UGC scheme – Instrument Maintenance Facility for Science Laboratories)
2.4.3 Library as a Learning Resource	<ul style="list-style-type: none"> o The Central Library has 26864 volumes (around 18000 titles), and OPAC, follows open access. Through Parent University, it has access to UGC infonet (4100 e-journals). The library also has access to ACM, American Library Network. The transaction of books is automated. About 10000 books were added during last 5 years. o The reading room capacity (100) and titles / volumes appears to be inadequate for the strength of 4000 students and (around 500 PG

Cauvery College for Women, Tiruchirapalli, Tamilnadu.

	<p>students and 90 Research Scholars).</p> <ul style="list-style-type: none"> ○ There is scope for enhancing virtual learning resources / digital or e-library content and library timings for better utility.
2.4.4 ICT as Learning Resources	<ul style="list-style-type: none"> ○ There are 4 centralized Computer Laboratories (128+115+61+52 = 356 Computers) for the benefit of Computer Science, Information Technology related courses. Computers are also made use of Internet Browsing. In all there are 419 Computers in the college supported by 6 servers. The Computer Laboratory with Wi Fi broadband and latest systems are used for offering "Add On" Computer Certificate Courses apart from video networking. ○ UGC Network Resource Centre (Rs.1.50 lakhs) is in place. ○ The college is trying to use the existing computer laboratory facility to offer basic computer training to other students, but may fall short of expectations of 4000 students, due to constraints of time and space.
2.4.5 Other facilities	<ul style="list-style-type: none"> ○ The college has 4 units / blocks of hostels comprising 240 rooms, accommodating around 1200 students (of these 68 are PG students). The hostel has all the basic amenities, spacious dining halls, kitchen on modern lines (steam cooking, automatic pressing machine, R.O. Purification Systems etc.) The mess is run on club system. The hostel facility has enhanced the enrollment rate and choice for students to the college / courses. The Hostel premises has Basket-Ball Courts and Indoor Shuttle Badminton Court. ○ The college has 10 Buses and 2 Mini Buses to fly to fixed rural routes for commuting students to and fro everyday at a nominal fare. Around 800 students are benefited from this facility, coming from as far as 40 kms. ○ The college has good landscape, electricity, lighting, basic amenities. There is scope for improving the facilities for canteen, vehicle parking, outdoor sports, games and athletics.
2.4.6 Best Practices in the Development of Infrastructure and Learning Resources	<ul style="list-style-type: none"> ○ Good, clean and neat campus, landscape, well constructed buildings, Seminar Halls, Auditorium, Indoor Stadium and Hostel. ○ Good Maintenance of Infrastructure

	<ul style="list-style-type: none"> o Wi-fi Computer Laboratory and other Science Laboratories, a Audio language Laboratory (30 consoles).
2.5 Student Support and Progression	
2.5.1 Student Progression	<ul style="list-style-type: none"> o The strength of the college has almost doubled during the last 5 years (2234 – 4300), facilitated by the introduction of new courses (6 UG, 3 PG, 3 M.Phil and 1 Ph.D) apart from UGC sponsored COP. o The progression of the student is monitored through CIA, Mid semester and Semester Examinations as per CBCS. The results of the college are always above the University average by about 25 %. The college has bagged on an average 50 University ranks, among them, on an average 4 are First Rank holders to University, a consistent performance indeed. Of the successful candidates, around 5 % get placement through Placement Cell and around 40 – 50 % progress towards higher education. Drop out rate is not significant.
2.5.2 Student Support	<ul style="list-style-type: none"> o College websites, notifications, college brochures / prospectus departmental news letters, college magazines act as means of information access and dissemination. The parents – alumni meet, Freshers' Day and tutor ward system also help in assimilation of accessed data. College campus and hostel offers a safe, secure and disciplined arena for students to involve in curricular and co-curricular activities and comfortable stay. o Career Guidance and Placement Cell is in place in a limited way, but needs further enhancement and fine tuning of its activities. Tutor ward system offers social Counselling. But there is a scope for professional psychological counseling and health care counseling. Legal and counseling is being provided by an alumni. UGC has sanctioned a Centre for Women Studies (Rs.3.00 lakhs) Women Cell is actively functioning in right direction towards gender sensitization, gender justice and gender empowerment. There is scope for strengthening developmental activities and career guidance through Entrepreneurship development

	<p>programmes (sponsored by UGC).</p> <ul style="list-style-type: none"> o The scholarships to OBC and BC students studying in Self-financing institutions, as a Government policy have been stopped. Management and philanthropists have instituted few fellowships (on an average 50 students receiving Rs.3.5 lakhs per year). The Alumni forum (CAPSA) also has created Endowment to give assistance to meritorious and needy students (30 students receiving Rs.1.00 – 3.00 lakhs per annum). o There is cope for mobilizing resources for scholarships
<p>2.5.3 Student Activities</p>	<ul style="list-style-type: none"> o Student activities are mediated through 14 departmental and college forums / clubs. Each department has a club with a unique name (Jenners, Hale Bopp, Aurora, Bharathi Tamil Mandram, Amity, Synergy, Busy Bee, Bomac, Chemstar, Comhaven, Abacus, Boliver, Innova) The college clubs include Leo, Rotaract, Exnora, Gender club apart from NCC and NSS, Student Council, Sports activities). These clubs provide training and opportunity to exhibit their talent in cultural, sports, literary and subject fields at intercollegiate, interuniversity and state level competitions. o During the last 5 years, around 45 students have represented their University at South Zone and 20 students at National level in cultural Inter university youth festivals.
