- Findings
- Conclusion
- Recommendations

Institution Name	Status	Remarks
M.A.M College of Engineering, Trichy	Approved	
Thevarnai College for women, Trichy	Approved	
Kamban College of Arts and Science, Tiruvanamalai	Approved	
VJP Polytechnic College, Trichy	Approved	
Sree Narayana College for Women, Kerala	Approved	

Flowchart: The flowchart illustrates the process of the mentor-mentee scheme, starting from the selection of institutions, followed by the formation of mentor-mentee pairs, and finally the implementation of the scheme.

FEEDBACK FROM MENTEE INSTITUTES

The mentorship program provided outstanding support and learning opportunities. My mentor's deep understanding of investment strategies and their personalized feedback greatly enhanced my skills and career perspective. The sessions were insightful, though a more formal structure and additional learning materials could improve the experience. Overall, the mentorship has been instrumental in my growth, and I am grateful for the mentor's commitment and expertise.

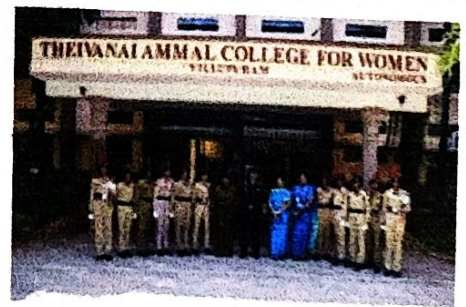

My time with the mentor has been incredibly beneficial. They offered expert advice and clear explanations on complex investment topics, which significantly improved my knowledge and confidence. I would suggest a more structured approach to the sessions and additional supplementary materials for a deeper understanding. Despite these minor suggestions, the mentorship has been a key factor in my professional development. I appreciate the mentor's dedication and valuable insights.

Working with my mentor has been a highlight of my professional development. Their expertise in institutional investing and their willingness to share knowledge have been invaluable. The guidance I received was practical and tailored to my career goals. However, more frequent sessions and additional resources would have further enriched the experience. Despite this, the mentorship has had a profound impact on my skills and confidence. Thank you for the excellent support.

The mentorship experience has been extremely beneficial. My mentor offered valuable insights into institutional investment strategies and provided practical advice that was directly applicable to my work. Their approachable demeanor made learning enjoyable and engaging. To enhance future programs, incorporating more structured sessions and setting clearer goals might be helpful. Overall, the mentorship has significantly advanced my understanding and confidence in the field. I truly appreciate the mentor's dedication and expertise.

"Working with you has been incredibly valuable. Your guidance and support have significantly boosted my confidence and skills. I appreciate your constructive feedback and the way you challenge me to think critically. Thank you for being patient and for helping me grow both professionally and personally."
