**ACTIVITY NAME: Progress Monitoring & Impact Measurement**

**Schedule of the activity**

**Title of the session: Progress Monitoring & Impact Measurement**

**Mentee Institute Name -Kambam Arts & Science College, Thiruvanamalai**

**Date and Time: 16.07.2024 (1.00 pm to 03.00 pm)**

**Duration: 1 hr**

**Session: One**

**Mode: Online**

**Quarter: Quarter 4**

**A. Host speaker : Dr.R.Subha, IIC Convenor, Cauvery College for Women, Tiruchirapalli**

**IMPACT MEASUREMENTS:**

- The launch of the Ideation Club received great appreciation.
- The IIC calendar activities and self-initiated activities need to be regularized.
- Awareness programs on Innovation and Entrepreneurship should be organized for all students, from first-year undergraduates to final-year postgraduates.
- Innovation Ambassador training programs should be conducted through various formats such as workshops, seminars, webinars, and conferences.
- To foster innovative ideas, the Ideation Contest should be standardized on a monthly basis.

**Quarter: Quarter 4**

**A. Host speaker : Dr.R.Subha, IIC Convenor, Cauvery College for Women, Tiruchirapalli**

**B. Minutes of the meet**

**Observations**

- IIC has been established in the year October 2021 with IIC ID:IC202115570
- Under 6.0 nearly 10 events have been completed. 10 innovation ambassadors have been nominated whereas 9 completed the basic and advanced level and the remaining one completed the reskilling.
- Under Quarter IV, 4 IIC Calendar activity, 2 MIC driven activities and four celebration activities. have been uploaded in the portal.
- Totally 40 activities uploaded under 6.0 from quarter I to quarter IV.
- Two academic and one non-academic course on I&E Courses have been submitted.
- Under I&E collaboration one MoU has been signed within industry.
- In ATAL tinkering lab, 3 ATAL schools have been nominated and performed activities in promotion of entrepreneurship and innovation.
- Ideation club, innovation club and Startup Club have been initiated to develop innovative culture in HEI
- NISP registration process of the institution has been completed and in process of framing the committee and policy.
- Under Yukthi 15 ideas have been submitted and yet to start prototype development
- 3 alumina entrepreneurs business ideas have been uploaded under Yukthi portal.

## Suggestions

- Regular ideation innovations can be enhanced.
- FDP, Workshop can be arranged to create awareness for the students.
- Ideation contest have to be regularized.
- Promotion of ideas has to be entertained in Yukthi Innovation Repository.

**Schedule of the activity**

**Title of the session: Progress Meet III**

**Mentee Institute Name -MAM COLLEGE OF ENGINEERING, TRICHY**

**Date and Time: 20.08.2024 (01.00 pm to 02.00 pm)**

**Duration: 1 hr**

**Session: One**

**Mode: Online**

**Quarter: Quarter 4**

**A. Host speaker : Dr.R.Subha, IIC Convenor, Cauvery College for Women, Tiruchirapalli**

**B. Minutes of the meet**

**Observations**

- Under 6.0 nearly 10 events have been completed. 7 innovation ambassadors have been nominated whereas 4 completed the basic and advanced level.
- Under Quarter IV, 3 IIC Calendar activity, 4 MIC driven activities and four celebration activities have been uploaded in the portal.
- Totally 41 activities uploaded under 6.0 from quarter I to quarter IV.
- No academic and one non-academic course on I&E Courses have been submitted.
- Under I&E collaboration one MoU has been signed within industry.
- In ATAL thinking lab, no ATAL schools have been nominated or performed activities in promotion of entrepreneurship and innovation.
- Ideation club, innovation club and Startup Club have been initiated to develop innovative culture in HEI
- No NISP registration process of the institution has been completed.
- Under Yukthi 6 ideas have been submitted and yet to start prototype development
- 3 alumina entrepreneurs business ideas have been uploaded under Yukthi portal.

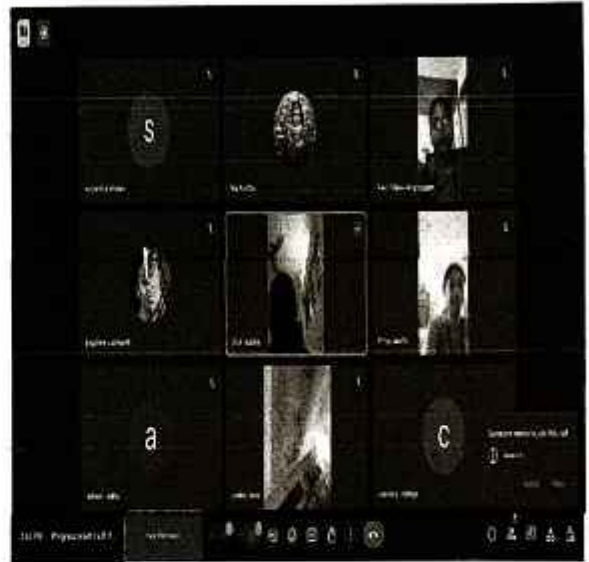

## Suggestions

- 
- Can start nominating ATAL schools.
- Regular ideation innovations can be enhanced.
- FDP, Workshop can be arranged to create awareness for the students.
- Ideation contest have to be regularized.
- Promotion of ideas has to be entertained in Yukthi Innovation Repository.

**A. Host speaker : Dr.R.Subha, IIC Convenor, Cauvery College for Women, Tiruchirapalli**

**B. Minutes of the meet**

**Observations**

- During Quarter III, they submitted seven IIC Calendar activities.
- An Impact Lecture Series is in the planning stages.
- Acceptance from ATAL Schools in their region is still pending.
- A Faculty Development Programme for Innovation Ambassadors in higher education institutions is scheduled for July 2024.

**Suggestions**

- Directed to organize ongoing awareness sessions on entrepreneurship, critical thinking skills, and idea generation methods to continuously develop and refine ideas.
- The Nutrition department will set up monthly stalls to foster an entrepreneurial mindset among students and faculty.

Sr.No.	Name of the Expert	Organization	Designation	Brief about Expert/Speaker
1.	Dr.R.Subha	Cauvery College for Women	IIC Convenor	Entrepreneurship Experience 11 years Mentor: 8 startups

**D. Outcome of the activity:**

- Mentee institutions learned about the value of entrepreneurship and innovation.
- Promote an entrepreneurial mindset among students and faculty in higher education institutions. Facilitate the development of ideas from existing challenges.
  - Cultivate a culture of job creation through the innovation process within higher education institutions.

## Objective:

- To inspire and guide the transformation of innovative ideas into successful enterprises.
- To consistently generate value for customers and remain at the forefront of industry trends.
- To establish partnerships and connections with industry and professional experts.
- To enhance skills and experience by promoting innovation and startup culture through mentoring sessions and internships.
- To develop a robust academic foundation in Entrepreneurship and Innovation.

## Description:

The establishment of incubation and pre-incubation centers plays a critical role in supporting startups and entrepreneurial ventures. Each type of center serves distinct functions but both are vital in fostering innovation and entrepreneurial success. Here's a look at their significance:

### Pre-Incubation Centers

#### 1. Idea Validation and Development

- Purpose: Pre-incubation centres focus on helping individuals and teams validate and refine their ideas before they are ready for full-scale incubation.
- Significance: They provide initial guidance on business concepts, helping founders assess market potential, refine their ideas, and develop a feasible business plan.

#### 2. Skill Development and Training

- Purpose: These centers often offer workshops, training sessions, and resources on entrepreneurship fundamentals, such as market research, business modeling, and pitch development.
- Significance: By equipping individuals with essential skills and knowledge, pre-incubation centers increase the likelihood of success when these ventures move into full incubation.

#### 3. Networking and Mentorship

- Purpose: Pre-incubation centers connect early-stage entrepreneurs with mentors, industry experts, and potential collaborators.
- Significance: Building a strong network early on helps founders gain insights, advice, and support, which can be crucial for refining their ideas and preparing for the next steps.

#### 4. Resource Access

- Purpose: These centers may provide access to resources such as market research tools, basic funding, and collaborative spaces.
- Significance: Access to these resources helps entrepreneurs develop and test their ideas without significant financial investment, reducing early-stage risk.

### Incubation Centers

#### 1. Business Development and Growth

- Purpose: Incubation centers focus on nurturing and scaling startups that have progressed beyond the idea stage.
- Significance: They provide structured support, including office space, mentoring, and sometimes funding, to help startups grow and overcome the challenges of scaling.

#### 2. Comprehensive Support

- Purpose: These centers offer a range of services such as legal assistance, marketing support, financial planning, and product development.
- Significance: This comprehensive support system addresses various aspects of business management, helping startups navigate complex challenges and accelerate their growth.

#### 3. Access to Funding and Investment

- Purpose: Incubation centers often have connections with investors and can assist startups in

securing funding.

- **Significance:** Access to funding is critical for scaling operations and achieving long-term sustainability. Incubation centers can facilitate introductions to potential investors and help with pitching.

#### 4. Validation and Market Entry

- **Purpose:** They assist startups in validating their product or service in the market and developing strategies for market entry.
- **Significance:** Proper market validation and a strategic approach to market entry are essential for a startup's success and can significantly reduce the risk of failure.

#### 5. Long-Term Success and Scaling

- **Purpose:** Incubation centers focus on the long-term growth and sustainability of startups, preparing them for expansion and scalability.
- **Significance:** By providing continued support and resources, incubation centers help startups transition from initial stages to mature, successful enterprises.

#### Combined Impact

1. **Ecosystem Development:** Both pre-incubation and incubation centers contribute to building a vibrant entrepreneurial ecosystem by supporting ventures at different stages of their journey.
2. **Reduced Failure Rates:** By offering tailored support at various stages, these centers help reduce the likelihood of failure and increase the chances of successful venture outcomes.
3. **Economic Growth:** Successful startups contribute to job creation, innovation, and economic development, positively impacting the broader economy.
4. **Talent Retention:** By providing resources and support locally, these centers can help retain entrepreneurial talent within a region, fostering local innovation and development.

#### Key Highlights: Breakeven point, Ideation, Prototype development

**Experts**

Sr.No.	Name of the Expert	Organization	Designation	Brief about Expert/Speaker
1.	Dr.R.Subha	Cauvery College for Women	IIC Convenor	Entrepreneurship Experience 11 years Mentor: 8 startups

**D. Outcome of the activity:**

- Increased promotion of an entrepreneurial mindset among students and faculty.
- Established valuable connections with industry experts and stakeholders.
- Successful application of best practices in innovation and entrepreneurship programs.
- Increased support and mentoring for student startups, leading to better development and growth.
- Improved ability to assess and measure the effectiveness of innovation initiatives.

**Objective:**

- Develop and refine the skills of participants in fostering innovation within their institutions by providing advanced knowledge and practical tools related to the innovation process.
- Facilitate the building of strong connections and collaborations with industry experts, investors, and other key stakeholders to support and mentor startups and innovative projects.
- To develop a job-creating culture through the innovation process within higher education institutions.

**Description:**

A comprehensive training program was conducted for new Innovation Ambassadors at the mentee institutions. The session provided detailed guidance on the responsibilities and expectations for these newly appointed ambassadors. It was emphasized that each nominated Innovation Ambassador (IA) must complete both foundational and advanced level training courses via virtual platforms. Upon finishing each course, IAs are required to download their certificates of completion to document their progress.

The training program underscored the importance of continuous professional development. Ambassadors are encouraged to actively participate in Faculty Development Programs (FDPs), workshops, and conferences that focus on innovation and entrepreneurship (I&E), intellectual property rights (IPR), and startup ecosystems. This ongoing education is crucial for staying current with industry trends and best practices.

The program highlighted the role of Innovation Ambassadors in conducting both internal and external talks to motivate and inspire students and faculty. These talks are designed to stimulate the generation of innovative ideas and venture opportunities.

Each Innovation Ambassador is assigned to promote innovation within their respective departments, leveraging a multidisciplinary approach. This means fostering a culture of creativity and collaboration across various fields to drive impactful innovation. The training aimed to equip IAs with the skills and knowledge necessary to effectively support and advance the institution's innovation goals and initiatives.

**Key Highlights:** Foundation and Advance training, Enhancement of knowledge in Innovation

**ACTIVITY NAME: Training on Mentoring Students**

**A. Schedule of the activity**

**Title of the session: Training on Mentoring Students**

**Date and Time: 09/08/2024 and 11.00 AM**

**Duration: 2 hrs**

**Session: One**

**Mode: Online**

**Quarter: Quarter 4**

**B. Expert/Speaker Details:**

No. of Experts Engaged:(1)

**C. Details of all the Experts**

Sr.No.	Name of the Expert	Organization	Designation	Brief about Expert/Speaker
1.	Dr.R.Subha	Cauvery College for Women	IIC Convenor	Entrepreneurship Experience 11 years Mentor: 8 startups

**D. Outcome of the activity:**

- Enhanced capacity to offer academic, personal, and career support to fellow students.
- Strengthened leadership skills and confidence in mentoring roles.
- Expanded professional and academic networks through interactions with mentors and other students.
- Improved knowledge of available resources and how to utilize them for student success.
- Better skills in helping peers navigate challenges and find solutions.

MHRD'S  
INNOVATION CELL  
(GOVERNMENT OF INDIA)

INSTITUTION'S  
INNOVATION  
COUNCIL  
(Ministry of Education, Government of India)

### Objective:

- Equip students with the techniques and strategies needed to provide impactful guidance to their peers.
- Improve students' skills in communicating clearly, listening actively, and giving constructive feedback.
- Enable students to better support their peers academically, personally, and professionally.
- Facilitate connections with mentors, peers, and professionals to build a robust support network.

### Description:

The training is designed to position students as job creators rather than job seekers. To achieve this, several recommendations were provided to mentors:

**Professional Skill Development:** Mentors should facilitate specialized training for students in their respective fields to enhance their expertise and readiness for entrepreneurial ventures.

**Support for Innovative Ideas:** Mentors are encouraged to assist students in developing their innovative concepts by leveraging their own resources, providing personalized guidance, and offering access to incubation programs. This support is crucial for nurturing and realizing student ideas.

**Encouragement to Pursue Funding:** Mentors should motivate students to seek funding for their ventures. This includes helping them identify potential funding sources and guiding them through the application process.

**Startup Formation and Commercialization:** Mentors should support students in transforming their ideas into startups, focusing on commercialization strategies and market entry.

**Intellectual Property Rights (IPR):** Students should be advised on how their ideas can be protected under intellectual property laws. Mentors should assist them in navigating the IPR system to secure patents or trademarks as needed.

By following these suggestions, mentors will help students transition from idea generation to creating viable startups and securing intellectual property, thereby fostering an environment of innovation and entrepreneurship.

Sr.No.	Name of the Expert	Organization	Designation	Brief about Expert/Speaker
1.	Dr.R.Subha	Cauvery College for Women	IIC Convenor	Entrepreneurship Experience 11 years Mentor: 8 startups

**D. Outcome of the activity:**

- Mentee institutions learned about the value of entrepreneurship and innovation.
- Promote an entrepreneurial mindset among students and faculty in higher education institutions. Facilitate the development of ideas from existing challenges.
- Cultivate a culture of job creation through the innovation process within higher education institutions.

### Objective:

- To inspire and guide the transformation of innovative ideas into successful enterprises.
- To consistently generate value for customers and remain at the forefront of industry trends.
- To establish partnerships and connections with industry and professional experts.
- To enhance skills and experience by promoting innovation and startup culture through mentoring sessions and internships.
- To develop a robust academic foundation in Entrepreneurship and Innovation.

### Description:

The meeting was designed to enhance understanding of the National Innovation and Startup Policy (NISP) and its importance in promoting a robust startup culture. The session provided a comprehensive overview of the policy, including its vision, mission, short-term objectives, and overall purpose. This detailed explanation aimed to clarify how the policy supports innovation and entrepreneurship.

Attendees were briefed on the technical aspects of accessing the NISP portal, including the login credentials for higher education institutions (HEIs) and the Single Point of Contact (SPOC). The discussion also covered the procedural requirements for establishing committees within institutions. These committees are to include key members such as academicians and incubators, each with specific roles and identities, to effectively support and drive the policy's goals.

Furthermore, the framework of the policy was thoroughly examined, focusing on nine critical thrust areas. These areas are essential for ensuring the proper development, implementation, and ongoing maintenance of the policy. By addressing these areas, the meeting aimed to equip institutions with the knowledge and tools needed to align with the NISP's objectives and contribute to the advancement of a dynamic startup ecosystem.

### Key Highlights: Vision, Mission, Goals of HEI in Innovation

## Concept of Entrepreneurship, Intrapreneurship and Innovation

- To continuously deliver value to customers and stay ahead of industry trends.
- To build collaborations and networks with industry and professional experts.
- To improve skills and experience by fostering innovation and startup culture through mentoring and internships.
- To create a strong academic base in Entrepreneurship and Innovation.

**Description:**

A meeting was conducted with mentor and mentee institutions to discuss the framework of the Innovation & Entrepreneurship Policy. The focus of the session was on explaining how the policy will be implemented to support student startups. Detailed insights were provided on the policy's vision, mission, and scope, with an emphasis on how these elements are designed to enhance and promote a startup culture.

The discussion highlighted the tools and resources available under the policy to foster innovation and entrepreneurship. This includes various mechanisms and strategies intended to nurture and support new ventures initiated by students. The meeting outlined how these tools are aimed at creating a conducive environment for startups to thrive.

The session covered the support mechanisms provided by the Innovation & Entrepreneurship Policy, including funding opportunities such as incubation funds and access to angel investors. These resources are pivotal for driving innovation in product development and providing crucial financial backing to emerging startups. By connecting startups with potential investors and offering incubation support, the policy aims to facilitate the growth and success of new business ventures.

Overall, the meeting was designed to equip institutions with a comprehensive understanding of the policy framework, enabling them to leverage the available resources and support structures effectively. The goal was to foster a dynamic entrepreneurial environment within higher education institutions, ultimately driving innovation and the successful development of student-led startups.
