Respected Madam

Sub: Regarding seed fund for start-up.

Greetings, I am pursuing iii - B. Com.

As I am passionate towards entrepreneurship I have completed my project Women Safety Gadget and registered in MSME. I request you to provide me a seed fund of Rs. 15,000 for production. I have applied for Innovation Voucher program to develop the startup product in large scale. After receiving the fund, I would return back the money to the college. I have enclosed the registered startup in MSME and quotation for your perusal. Kindly do this needful help.

Respected Madam,

I'm grateful to thank our management and our principal madam for bringing me this opportunity to develop my innovative idea into a start-up. I'm interested to continue with my innovation for further TRI measures. In this regard, I'm in need of ^{extension of} bus facility to come college regularly from 01-08-2023 to 31-08-2023. So, kindly grant me permission for this same.
