

CAUVERY COLLEGE FOR WOMEN, AUTONOMOUS
STUDENT INCUBATION CENTRE
PROGRESS MEETING

BOARD MEETING NO:6/dated on: 07.06.2023

Review of Meeting

- The meeting focused on training the incubates for skill based course offered by Entrepreneurship development cell.
- The student incubation has been remodelled as Student Campus Company from March 2023 onwards

Minutes of the meet

- Incubates are trained to generate simple ideas from existing problems in day to day life through IIC activities.
- Turning of Interns into Innovators for promotion of startups and participation of innovators in Hackathons organized by Government & non government organizations
- Income and expenses of the company was discussed and the revenue has been utilized for organizing programs based on Innovation and Entrepreneurship through Institution Innovation council.
- Reviewed key entrepreneurial concepts that students should learn to foster innovation and business acumen.
- The financial management with each company turn over was explored.
- Skill training program through IIC and Value added course promotes student towards passionate profession.
- Each incubate is honoured for her contribution in development of incubation and learning ecosystem

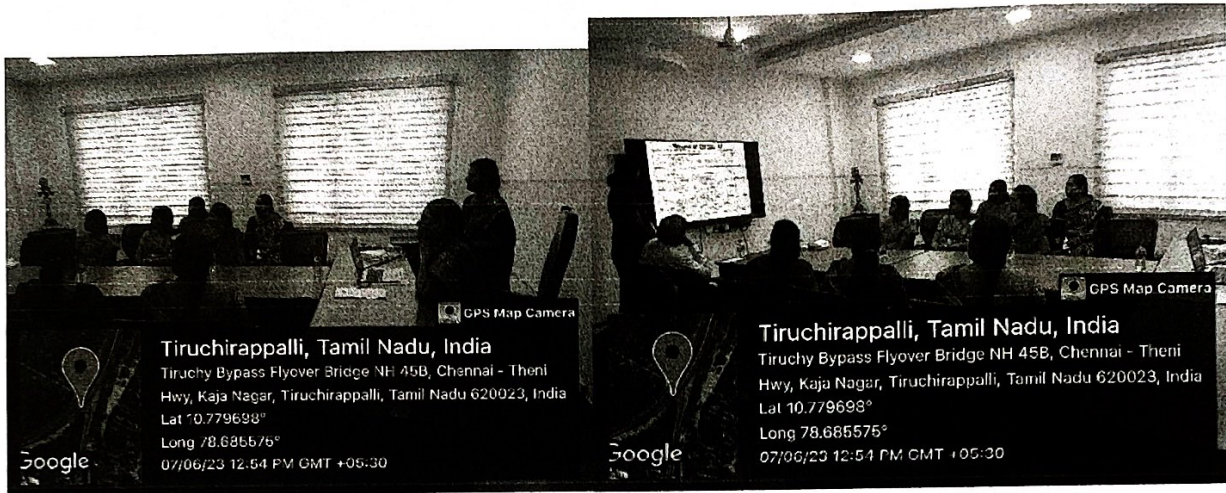

Conclusion

- It was agreed that enhancing students' knowledge in these areas is vital for their personal and professional development.

Adjournment:

- The meeting concluded with a commitment to support students in these essential areas.
