Students Feedback Report

2020-2021

Feedback was collected from 4,085 students on various parameters, including the timely completion of the syllabus, discussion and interaction in class, clarity of expression, teaching competency, and class preparation. Other aspects evaluated were classroom management, the use of modern teaching aids, distribution of handouts, the availability of suitable references, Power Point presentations, and web resources. Students also provided feedback on the ease of access to resources, the friendly and helpful attitude of the faculty, prompt grading and distribution of test papers and assignments, regular and timely feedback on their performance, adherence to the assessment schedule, career guidance and counseling, as well as punctuality and regularity in teaching, learning, and evaluation. The total number of student respondents was 4,085.
