23. Courses in which student assessment of teachers is introduced and the action taken on student feedback

Every academic year, student's feedback is collected. It consists of ten parameters. They are

- Punctuality
- Class control
- Preparation for the class
- Clarity of expression and Competency in teaching
- Class room interaction
- Motivating the students and Academic help for weaker students.
- Covering syllabus in time
- Prompt valuation and returning of test papers/assignments
- Ease of access
- Career guidance and counseling.

Each parameter has five points scale. They are

- 5 - Excellent
- 4 - Very good
- 3 - Good
- 2 - Satisfactory
- 1 - Fair

Average scores of each faculty (subject wise) are calculated. From the analysis faculties identified their strength and weakness.
