So far the college has not faced any problems with this kind of celebration .It is greatly appreciated for its uniqueness and functionality.</p> <p><b>BRIDGE COURSE/ LANGUAGE LAB:</b> Yet another important practice followed in the college is conducting bridge course for the freshers.</p> <p><b>OBJECTIVE:</b> Bridge Course is conducted every year for the freshers, for 14 days, so that they may get acquainted to basic English grammar.</p>

		<p><b>CONTEXT:</b> Every year, the Department of English takes the initiative to conduct Bridge Course for the first year students. Best speakers are arranged to brief the students. The main purpose of introducing the course to students is to help them learn simple English grammar, which is useful for their future.</p> <p><b>PRACTICE:</b> For 14 days, the students attend the session regularly. Students learn new and interesting facts about the language. Apart from the Foundation Course, the Department has its own language lab. Students are taught about communicative skills. Students are trained for active listening. They come across new vocabulary, pronunciation of words and learn the usage of the words in day-to-day life. They are exposed to various formats of language speaking. The importance of teaching English through language lab is that it is not monotonous like that of class room teaching. As it is audio/visual format, students enjoy learning and do not feel bored.</p> <p><b>SUCCESS:</b> With the implementation of language lab, it is noticed that students fare well. It helps the average students or the first generation learners to get hold of language.</p> <p><b>PROBLEMS ENCOUNTERED:</b> It always becomes difficult for the teachers to manage both the potential students with the average learners during the foundation course.
